"THE VOICE OF THE SOUTHWEST MISSISSIPPI GULF COAST"
Bay St. Louis - Waveland - Pass Christian - Long Beach

VOL. 81, NO. 38

BAY ST. LOUIS, MISSISSIPPI 39520 THURSDAY, SEPTEMBER 21, 1972

SINGLE COPY 10¢

BAY ST. LOUIS Fire Chief Richard Fayard, right, and Assistant Chief Robert Andrews train a 1,000-gallon per minute deluge gun on Annie's Restaurant as flames lick through the burned roof (top center) and billows of smoke engulf the area. (Story on page 10A)

The well-known Henderson Point restaurant was gutted by a pre-dawn fire Monday, despite efforts of almost 40 firemen from five city departments who worked for three hours to control the blaze. (Staff photo by Adoree Shortle)

Seuzeneau's Status Remains Unresolved

by Adoree Shortle
Echo staff writer

The matter of M.G. (Jack) Seuzeneau's recent dismissal as Port and Harbor aviation director was the catalyst Monday afternoon for an altercation at a meeting of the county board of supervisors. Tempers flared and rhetorical outbursts ensued as beat one supervisor Jerry Ladner alternately quarreled with Dr. John Levens, Port and Harbor Commission president, board President Dolph Kellar, P and H Commissioner Fritz Harris, P and H Director Dr. Michael Smith and then held return bouts with Levens, Smith and Kellar.

Port and Harbor officials and attorneys attended the meeting in an attempt to clarify the commission's position on Seuzeneau's dismissal, an action which Ladner strongly opposed. Ladner's position remained unclear throughout the hour-long dispute as he equivocated in statements and opinions. At the onset of the discussion, Kellar admitted that under the Port and Harbor by-laws the supervisors "do not have the

jurisdiction" to initiate or countermand any actions of the commission. Levens explained that the commission considered the dismissal "more-or-less an executive function." An investigation of past minutes revealed that Seuzeneau had been hired by resolution of the former board of supervisors, he said. The commission had held several meetings on the matter and after consultation with Port and Harbor attorneys the consensus was

that "it was not necessary to bring this action to the attention of the county board". At this point, Ladner accused the commission of taking official action in a closed session which he maintained was unlawful. He further stated that Dr. Smith had admitted to the dismissal action "on his own". Progress in the matter was temporarily halted as Levens

(Continued on page 10A)

Auto Tags

Automobile owners are reminded that 1973 Mississippi license tags will go on sale October 2 and must be purchased by October 31 to avoid any penalties. Hancock County Assessor-Tax Collector George Heitzmann announced that his office would be open every weekday from 8 a.m.-5 p.m. (including the noon hour) for the convenience of taxpayers. Heitzmann also said that "certain car owners who have been done in the past."

BEAT ONE Supervisor Jerry Ladner, far right, questions Dr. John Levens, (far left) chairman of the Port and Harbor Commission, during the supervisors' meeting Monday afternoon. Seated at the table is Oscar Peterson, beat three supervisor and standing to Ladner's right is Gerald Gex, attorney for the Commission. (Echo staff photo by Marileen Maher)

State Auditor Cautions Supervisors On Use Of County Equipment

On September 7, Hampton King, Mississippi state auditor, wrote a letter to each county's Board of Supervisors in which he pointed out several questions regarding the activities of supervisors throughout the state. The letter covers several areas which are familiar to most county residents, either directly or indirectly.

Although the letter was never read at a regular meeting of the Hancock County Board of Supervisors, the Echo asked for and received a copy of it from Chancery Clerk John Rutherford. Below is the letter in its entirety:

Board of Supervisors
County of Hancock
Bay St. Louis, Mississippi
39520

Gentlemen:

This letter is written as a result of questions raised with the State Auditor and with staff members of the State Department of Audit by several members of county boards of supervisors in various sections of the state and by citizens who have observed activities of county supervisors and of road crews employed by supervisors. It is a general letter, with copies being sent to each county board of supervisors in the state, rather than a letter addressed to any specific

county board. Any board which sees fit to publish the letter is authorized to do so, if they so desire, although copies are not being sent to the press by the State Auditor at this time.

Many of the questions asked have to do with the use of materials, labor and equipment paid for out of county funds, such as: Is it lawful to use such materials, labor and equipment on privately-owned property? This question the courts have answered quite clearly in several cases. An appropriation of public funds for the construction or maintenance of private roads or driveways is an appropriation not authorized by law and a member of a board of supervisors is personally liable on his bond for maintenance of private roads. Use of county-owned equipment, materials and labor on privately-owned property is not one of the powers granted to the boards of supervisors by the State Constitution and by statute.

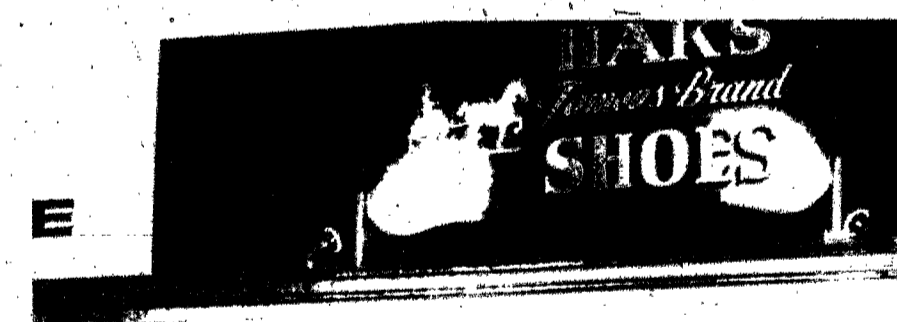

Many citizens have requested members of boards of supervisors to level house sites, commercial sites, to build private roads and driveways, to pave driveways, to dig or otherwise construct private ponds or lakes, and to do other personal favors which involve the use of county funds, without stopping to think that they are for all practical purposes, asking the supervisor to steal from other taxpayers for their private benefit. Sometimes these requests have been made because the citizens concerned saw work being done on other private property by county employees and equipment, and in such cases, the supervisor has brought the

trouble upon himself by previous actions. But there is no legal authority for public tax funds to be used to improve private property,

whether it is home property, commercial property, church property, private school

(continued on page 10A)

What is a nice car like you doing in a place like this?

THE DRIVER of this 1965 Cadillac escaped injury Sunday night when he drove the car through the front of Hak's Shoe Store in a Highway 90 shopping center, scattering shoes, accessories and store contents along the way. A large section of the front wall broke through the car's windshield and remained atop the hood. Nolan Kingston, Jr., 27, was arrested by Bay St. Louis police and booked in the county jail on charges of driving while intoxicated and causing property damage. Kingston was held under \$500 bond. (Echo staff photo by Adoree Shortle)

Controversy Continues Over EDA

by Marileen Maher
Echo news editor

The Hancock County Port and Harbor Commission is in danger of losing \$280,000 in Economic Development Administration funds because airport manager M.G. (Jack) Seuzeneau failed to file the proper applications, according to Dr. Mike Smith, P and H executive director.

Car Goes Through Shoe Store Window

Extensive damage was incurred to Hak's Shoe Store Sunday night when a Bay St. Louis man apparently looking for a place to park, drove a 1965 Cadillac through the front display window of the store, coming to a stop against display shelves at the back wall.

An eyewitness to the incident, Mrs. John Marsh, Diamondhead resident, told the Sea Coast Echo that she was standing in front of an adjacent place of business about 7 p.m. when Nolan Kingston, Jr., 27, drove up on an open parking place at the curb and, without slowing, continued through the shoe store's front wall and window. Boots, shoes and accessories were scattered in all directions amid the debris and broken glass.

Kingston, who lives at 3 Cedar Lane, Bay St. Louis, was placed under arrest by Assistant Police Chief Douglas Williams and taken to Hancock County jail. He was charged with driving while intoxicated and causing property damage and held under \$500 bond.

Assisting Williams in investigating the incident were Patrolmen Alphonse Sheppard and Harris Boudreaux.

According to Dr. Smith, the EDA money was a portion of a total cost of 2.6 million needed for extension of the airport runway. The remainder of the funds were to come from the Federal Aviation Administration' (\$1.3 million) and Hancock County (\$1,040,000).

Dr. Smith said he learned about a month ago that the application which was supposed to have been filed in January, 1972, had never been received by EDA.

Seuzeneau denies that he ever had the authority to file application for federal funds. In a letter to the editor of the Echo, (letter appears on page 4A) Seuzeneau states: "I, M.G. (Jack) Seuzeneau, during my tenure as Aviation (sic) Director Stennis International Airport, have never had the responsibility, nor the authority, nor have I ever been directed to seek or make application for any funds from Federal, private or from any source whatsoever."

Dr. Smith contends, however, that Seuzeneau was directed to take the necessary steps to obtain the information for the applications and to prepare them for a pre-filing conference in connection with the extension of the airport runway. He referred to a

resolution, passed January 8 by the Port and Harbor Commission and later ratified by the Board of Supervisors, in which Seuzeneau was authorized to "act before and on behalf of this commission in obtaining signatures on EDA Form 612 and EDA Forms 501-A and 503-A, and take all necessary steps in order to promulgate the required information for a pre-filing conference in connection with extension of the airport runway."

Dr. Smith said Wednesday that he had received notification that the FAA funds for the airport extension had been allocated for Hancock County.

Smith said that these applications were never completed by Seuzeneau and were never presented to the commission for a pre-filing conference. "Mr. Seuzeneau claims that this was my job but I did not take over officially as executive director until March 1, 1972," Smith said.

The Port and Harbor director revealed that he was working now to get the EDA funds and would know something definite in the near future.

Vote To Decide NDP

A public vote will be held Tuesday in Bay St. Louis to decide the future of the proposed Neighborhood Development Program.

The program is basically along the lines of urban renewal and will entail rehabilitation of approximately 40 acres of land in Bay St. Louis. It will be funded seventy-five percent by the Federal Government and twenty-five percent by the city of Bay St. Louis. Twelve-

percent of the city's cost can come from "in-kind" services or improvements that have been made by using city funds.

The program is funded on a yearly basis and can be discontinued by action of the city administration. Although the total cost is estimated at \$2 million, this amount will be spent over a four-year period.

(Continued on page 10A)

EMERGENCY TREATMENT is given injured firemen during the early Monday morning conflagration which destroyed Annie's Restaurant and Lounge in Henderson Point. Left to right, Firemen John Strickland, Leslie Ladner and Robert Goff, extreme right, are treated for gashed hands and broken fingers. Although injured within the first hour of the three-hour

ordeal, all returned to fire fighting, including a Bay St. Louis fireman who was overcome by smoke inhalation and administered oxygen. First aid is administered by Fireman Ronald Rutledge from the recently acquired Long Beach Emergency ambulance.

Blacktopping Approved For Beat Four Road

The State Aid Road Division has approved a project to blacktop a portion of the Kiln-Waveland Road, according to Beat Four Supervisor H.G. Zengarling.

The project will be financed by the division with preliminary engineering work and advertising for bids to be done in the near future. According to Zengarling, the work should be completed in the early spring of 1973.

Zengarling said the project is important because it will relieve traffic off of Highway 603 when Interstate 10 is completed. The road is also known as the Shoreline Park Road.

The Beat Four Supervisor also said that he hopes to secure a traffic light at the intersection of Highway 90 and the road as soon as the blacktopping is completed.

A SHOWER OF WATER from fire hoses on the roof drenches these Long Beach men as they wrestle with a heavy hose fighting flames raging through Annie's Restaurant in Henderson Point Monday before dawn. Left to right, Long Beach Firemen Edward Kaletsch and Ronald Rutledge are assisted by A. C. Biggs, LB service station attendant and LB Policeman Terry Blake (hidden behind Biggs).

Echoes

Mike Blaize, a junior at the University of Southern Mississippi spent the weekend with his mother, Mrs. Vera Blaize.

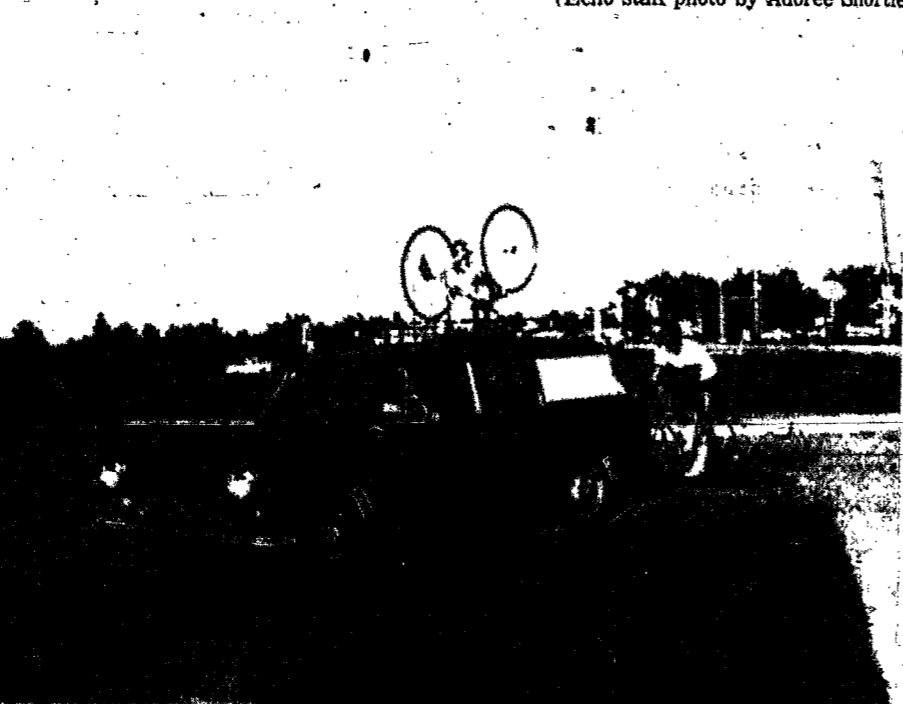

Sunday guests of Mr. and Mrs. Nellus Favre and family were her brothers-in-law and sisters, Mr. and Mrs. Gilbert Schmidt and family and Mr. and Mrs. James Stecker and children, all of Metairie, La.

Mrs. Bruce Pastor arrived last week from San Diego, California, and will visit with her parents Mr. and Mrs. Leslie Blaize and family while her husband is on overseas duty with the U.S. Navy.

Mr. and Mrs. Clarence Randolph have returned from Mobile where they visited for several days with their son-in-law and daughter, Mr. and Mrs. Bob Bailey and family.

Mrs. Bobbie Lewis, who was a patient for a week in Hancock General Hospital, has been discharged and is reported doing nicely.

Mrs. Mildred Bradford and sons Terry and Jerry of Plaquemine, La., visited last week with Capt. and Mrs. Ivan Bradford. They were joined over the weekend by Mr. Bradford.

ALMOST FINISHED... Dr. Miles Hyman, who was travelling from Birmingham, Ala., to New Orleans, La., for the benefit of St. Jude's Hospital in Memphis, Tenn., spent the night last week in Waveland. Above, Dr. Hyman and his wife Terry (driving car) pull in to the Ramada Inn which offered them free lodging. Hyman, who is an assistant professor and head of the Department of Obstetrical Anesthesia at the University of Birmingham, contacted certain business firms to sponsor his benefit trip. News Briefs

DEMO MEETING

The recessed convention of the Mississippi State Democratic Party will be held Saturday at 11 a.m. in Jackson according to an announcement by Senator George Yarbrough, chairman of the state convention.

All delegates and alternates are expected to attend. Delegates from Hancock County are Alton A. Kellar,

Jerry Ladner, Oscar Peterson, Herbert Zengarling, James M. Travira, Rubie Griffin, Herbert Stueffell, Dan Fredericks, Rev. R.N. Sams, John T. Newkirk, William Frisbie, Lucien Carmichael, Joseph Benvenuti, Leo W. Seal, Jr., C.A. Russ III and Clem Ritchie.

September 20, 1951: Air Force made first successful recovery of animals from rocket flight—when a monkey and 11 mice survived an Aerobee flight to altitude of 236,000 feet.

September 1, 1953: USAF announced first instance of aerial refueling of jet-powered aircraft by jet-powered aircraft, in which a standard B-47 Stratojet received fuel in the air from a KB-47B.

DRAFTING COURSES

Hancock North Central is offering two Drafting courses this semester, one for beginners and the other as a continuation of the course offered during last semester. The beginner's class will be held on Thursday nights from 6-10 p.m. The other course, Drafting I-part two, will be given on Monday nights from 6-10 p.m. An organizational meeting for both classes will be held tonight at 6 p.m. at HNC. There will be no charge for the course. Those not presently enrolled in educational training are eligible.

Interested persons should call 265-7197.

Officials estimate a life is saved each year for every five miles of new Interstate Highway that is placed in service.

When complete, the Interstate Highway will save 10,000 lives per year, federal officials estimate.

RED BEANS AND RICE

"Contrariwise," continued Tweedledum, "if it was so, it might be; and, if it were so, it would be; but as it isn't, it ain't. That's logic."

Lewis Carroll had it figured out. And so have the politicians, either by instinct or by design. As soon as we all learn and accept the above philosophy we'll all be better off.

Especially so the news reporter trying desperately to sort the facts from fiction and figure out what it is they're really saying; and the reader trying desperately to figure out what the reporter is saying that the politicians allegedly said. And of course, the politician, who reads it all carefully is trying to figure out what it was he meant to say...for the good of the city and the county.

Actually, the Duchess has known all along and she put it quite succinctly and simply.

SHE said, "Never imagine yourself not to be otherwise than what it might appear to others that what you were or might have been was not otherwise than what you had been would have appeared to them to be otherwise."

Then she disappeared in a flash of rhinestones. That's logic. Please pass the rice.

On a serious note (and because one reader had the bad taste to ask when we were going to start running recipes in our column) we would like to express our unhappiness over the terrible fire which destroyed Annie's Restaurant Monday morning. Annie came back each time after three hurricanes and another fire and we wonder if she will be able to overcome insurmountable odds and come back again. We hope so. The Coast wouldn't be the same without Annie's.

JAY HEITZMANN appears Thursday through Sunday from 8:30 p.m. at Cher's Lounge on Railroad Ave. in Bay St. Louis. Miss Becky Prevon (in the background) was on hand to listen to Jay last Thursday night.

Bay St. Louis Police Report

467-9221

Bay St. Louis police responded to 45 calls during the period Sept. 14-20.

Police recovered a stolen truck Tuesday which was allegedly taken from a Gulfport resident. While investigating a man asleep in pickup truck parked alongside Highway 90, police discovered that the truck had been stolen that night from Gulfport. Milton Walters of Picayune was arrested for grand larceny and turned over to the Gulfport Police Department.

Louis Jaquillard reported that someone attempted to break into his pickup truck Tuesday while it was parked near the intersection of the Bay Bridge and Highway 90. Jaquillard said he was fishing at the time and when he returned he noticed that the vent windows on the truck had been broken. The incident is under investigation.

REMINERS
Do you have receipts for the purchase of all your valuables? Could you prove that they are yours? Check with the Bay Police Dept. for the proper way of identifying your property. "Operation Identification can help you and it's free."

Junior Police Meeting has been scheduled for Saturday at 10 a.m. at the police station on Old Spanish Trail.

RECITAL SATURDAY
Pupils of Mrs. Terrence Asher will perform in a piano and organ recital at 8 p.m., Saturday, September 23, in St. Joseph's Auditorium. The public is invited, no admission will be charged. Refreshments will be served following the recital.

Improved urban freeways are reducing air pollution by relieving congestion and improving traffic flow.

Concern Or Control?

Supervisor Jerry Ladner's attempt to exercise complete control over the Hancock County Port and Harbor Commission can do nothing but hurt our county, both internally and externally.

Under the guise of "doing something for the people", Mr. Ladner is engaging in his own method of private eyeing. Claiming that he is protecting the people of Hancock County, Ladner is fighting the Port and Harbor Commissioners, five of which are appointed by the Board of Supervisors.

Need we remind Mr. Ladner that an almost perfect set of checks and balances has been set up between the Supervisors and the Port and Harbor Commission. The Commission cannot act without approval by the Supervisors. On the other hand, the Supervisors cannot dictate their wishes to the Commission.

Mr. Ladner also accuses Dr. Michael Smith of running the operation the way he (Smith) wants to. What is wrong with that? Is that not the reason for hiring an executive director? Should Dr. Smith be asked to consult Mr. Ladner before each and every decision?

Each Port and Harbor contract, each Port and Harbor resolution is presented to the Supervisors for ratification. In addition, the Supervisors approve the operating budget of the Port and Harbor. What else does Mr. Ladner want except to look over Dr. Smith's shoulder and slap his hands when the director makes a move not in accord with his own wishes.

As a "champion of the people", Mr. Ladner's constant referral to his "one hundred percent interest in the people of Hancock County" is becoming a little tired in light of his attempts to keep things under his thumb. Ten percent of an intelligent decision is worth more than unfounded accusations backed up by one hundred percent concern.

Leave Politics Out Of NDP Decision

On Tuesday, the voters of Bay St. Louis will be given an opportunity to decide the fate of the Neighborhood Development Program for their city.

As with all federally-funded projects, the program has its merits and its drawbacks. But Bay St. Louis voters must keep one thing in mind—vote on the program not on the men who run the city's government.

Because this is an election year, emotions are beginning to run high as the people move to take sides in this year's municipal races. But now is not the time. The program is the result of months of preparation by both the city fathers and Seabrook and Associates—and it deserves serious consideration.

When you go to the polls Tuesday, make your decision on the program ALONE. Wait until May for the other.

Our readers write

Dear Sir:

In an attempt to disclaim responsibility for his failure to make application to the Economic Development Administration for federal funds in the amount of \$260,000 for the first phase of the Stennis International Airport expansion project, Mr. Michael Smith, Director, Hancock County Port and Harbor Commission, issued the following statement as reported in the Biloxi-Gulfport Daily Herald under dateline of September 15, 1972.

"An application for an initial \$260,000 from the Economic Development Administration which should have been filed in January but inadvertently was not, has apparently jeopardized the commission's priority to receive the monies, Commission Director Dr. Michael Smith said Thursday night. The application was to have been filed by airport manager M.G. (Jack) Seuzeneau but was not the oversight was not discovered until recent weeks, Dr. Smith indicated."

This fallacious statement by Mr. Smith reflects adversely on my integrity, competence and respect of the community. Therefore, I deem it categorically imperative that I submit the following

statement to the people of Hancock County in order that the truth be known.

I, M. G. (Jack) Seuzeneau, during my tenure as Aviation Director Stennis International Airport, have never had the responsibility, nor have I been directed to seek or make application for any funds from Federal, private or from any source whatsoever. Initial and final responsibility for this failure rests entirely on the shoulders of Mr. Smith and he alone must answer for the \$260,000 loss to the people of Hancock County.

Respectfully,
M. G. (Jack) Seuzeneau

Prior to his appointment by President Woodrow Wilson as the first Secretary of Labor, William B. Wilson was the Congressman from Pennsylvania who sponsored the legislation which created the Federal Department of Labor. Wilson, a burly, friendly Scotch immigrant and former officer of the National Union of Miners, was appointed on March 6, 1913 and served to March 4, 1921.

Highways, including city and suburban streets, occupy less than one per cent of the land area in the United States.

Colling's Corner

By E.S. Colling

City-County Library Writer

The recent Olympic games were telecast by the ABC network about as competently as they could have been done—except in one respect. They were more than adequately handled by skilled directors and expert commentators, and the camera work and technical details were about as good as we have ever seen.

To cover the games was a most difficult job, and the coordination between the general over-all m.c. and his individual directors seldom slipped. The job was especially difficult because of the sudden and dramatic interruption of the kidnapping of the Jewish athletes and the subsequent gun battle at the airport. Seldom has a telecasting crew been present throughout such a dramatic event, and the men who handled the overall coverage and shot the scenes at Building 31 and at the airport deserve the highest praise.

But, as usual, greed and lack of common sense in one phase of the telecasts cancelled their excellence and

Even during the tragic events at the airport, commercials faithfully appeared at four or five minute intervals. We remember especially that while the gunfire was going on, the screen showed a chandelier being dipped in pancake batter to advertise a detergent.

The closing ceremonies were beautiful and impressive, but even here the commercials crowded in without sense or good taste, appearing even during the showing of the magnificent artificial rainbow that stretched across the stadium.

All this must have brought a fortune to the network, even though their expenses were very heavy. They did a fine job, and it's a shame that the athletic events kept interfering with their steady flow of stupid commercials.

Quit kidding yourself. Join the Payroll Savings Plan where you work. It's easy. Just specify an amount you want set aside from your paycheck. Then that money is used to buy U.S. Savings Bonds. You never see the money, so the temptation to spend it is removed. And with every paycheck, your money grows. So when you need it, you'll find you've got a sizeable amount stashed away. Enough to help out with what tomorrow may bring.

If you can't trust yourself, trust U.S. Savings Bonds. Then you'll have a fund in your future.

BLESSED BOOK

A young Christian, packing his bag for a journey, said to a friend, "I have nearly finished packing. All I have to put in the bag yet are a guide book, a lamp, a mirror, a microscope, a volume of fine poetry, a few biographies, a package of old letters, a book of songs, a sword, a hammer, and a set of books I have been studying." Then he placed his Bible in a corner of the suitcase, and closed it.

All this - and more - is the blessed Word of God which God has magnified above His Own Holy Name (Psalm 138:2).

If this young man had put in a can of honey and a bag of

brought them down to the regular ho-hum level. The broadcasts were on the air for a total of some 64 hours, and during this period there must have been more than 3000 commercial "messages" broadcast, at the guestimated rate of four commercials every four minutes, on the average.

We have no official figures to bear out this estimate, but from personal observation we know that multiple commercials were given between the rounds of the boxing matches and after every gymnastic event, every swimming, diving, and track contest—in short, whenever there was the slightest break in the athletic competition, and sometimes during it, as when commercials were injected in the shell races, the pole vaults and high jumps. Whenever there was the slightest chance to put in commercials, sometimes even cutting out part of the event itself, it was done—and not just one commercial at a time but even five in a row.

Even during the tragic events at the airport, commercials faithfully appeared at four or five minute intervals. We remember especially that while the gunfire was going on, the screen showed a chandelier being dipped in pancake batter to advertise a detergent.

The closing ceremonies were beautiful and impressive, but even here the commercials crowded in without sense or good taste, appearing even during the showing of the magnificent artificial rainbow that stretched across the stadium.

All this must have brought a fortune to the network, even though their expenses were very heavy. They did a fine job, and it's a shame that the athletic events kept interfering with their steady flow of stupid commercials.

Veterans Information

Q—Do I have to use a VA form to change the beneficiary on my GI Insurance policy?

A—No. Any clear statement signed by the policyholder is acceptable to VA. However, it is preferred that VA Form 29-336 be used.

Q—My aunt is a disabled veteran of World War II. She needs care in a home, but does not need nursing home care or hospitalization. Does VA have such homes for women veterans?

A—Yes, VA has domiciliaries, and those at Bay Pines, Fla., Dayton, Ohio and Martinsburg, W. Va., and Vancouver, Wash., have facilities for women veterans. Any VA office will help your aunt. The application for this benefit.

Q—Can a veteran whose VA benefits have been forfeited apply for their reinstatement?

A—Yes, a veteran may apply for presidential pardon which, if granted, may again

entitle him to VA benefits for which he was originally eligible.

Q—Who approves schools or institutions for training under the GI Bill?

A—That responsibility falls to the states, each of which has an approving agency.

Q—Are women veterans eligible for VA pension?

A—Yes. Some 10,100, or about 9 per cent of the total number of veterans on VA pension rolls, are women.

Q—I have National Service Life Insurance which has been in force under the ordinary life plan since 1945. If I discontinue premiums and take out a paid-up policy, will my dividends be discontinued?

A—No, but dividends will not be as large as those on your present policy. If you take out a paid-up policy, the amount of insurance in force will be less than the present face value of your policy, and dividends will be computed on the reduced amount.

Chamber Report

By Sylvia McCormick

The Chamber responded this week to 21 telephone requests for area information, twelve letters requesting information, and 14 visitors in our office requesting information of various sorts. According to our "Central Calendar", the Friends of the Library will hold open house at the City-County Public Library on Ulman Avenue Tuesday, October 10 from 6:30 to 9:30 p.m. for the purpose of letting the public view the facilities available at our Library. Everyone who possibly can, certainly should attend.

In our search for new industry for our County, let us not neglect what we already have. In February of 1972, Eljer Plumbingware, a division of Wallace-Murray Corporation with home offices in New York City, purchased the Rittiner Industrial Enameling plant. Eljer, with seven plants (two in Mississippi—Bay St. Louis and Tupelo) produces in the Bay St. Louis Plant plumbing systems and fixtures including enameled steel bathtubs, lavatories, sinks and architectural panels. Eljer employs 115 people and future growth is anticipated. Mr. Ted Noyes became manager of

this plant on August 15 of this year and has shown that Eljer wants to be a vital part of our county by their unselfish contribution to the United Fund Campaign last week. We commend Eljer Plumbingware for their generosity and wish them continued success in Bay St. Louis.

According to the Mississippi State Tax Commission, Bay St. Louis city sales taxes for the month of August totaled \$17,261.62. This is an increase over the month of August, 1971, when total collected was \$15,873.77. Sales taxes collected for Waveland for the month of August totaled \$4,503.06; total collected in August of 1971: \$4,311.05.

Anyone wishing to improve their bridge game may take advantage of the Intermediate Bridge course offered at Southern's Gulf Park College. Fee: \$21.00. First Class: Thursday, September 21 at 7 p.m.

Mr. Sidney Kidd, Traffic Control and Safety Engineer from the office of Mr. W. H. "Shag" Pyron, State Highway Commissioner, met with Mr. Perry Gibson, president of the Chamber of Commerce at the Chamber office September 20 to discuss the safety measures that must be taken to make Highway 90 safe.

DEATHS

W.G. HINCKS
William Gautier Hincks, 61, a native of New Orleans and resident of the Coast for 20 years, died at 7 a.m. Friday, September 15, in Jackson, Miss.

Mr. Hincks was retired from the Construction business and was a member of the Catholic Church.

Survivors include his wife Mrs. Geraldine O'Brien Hincks, Bay St. Louis; three daughters, Mrs. Sylvia Spratley and Mrs. Odele Perench, both of Bay St. Louis, and Mrs. Diane Farragut, Pineville; two sons, William Gerald Hincks and Robert Leo Hincks, Bay St. Louis; 15 grandchildren; a sister, Mrs. Gladys DeArmas, and a brother, John W. Hincks Jr., both of New Orleans.

Funeral services were held Saturday afternoon from Tharp-Sontheimer-Tharp Funeral Home, New Orleans. Interment was in Metairie Cemetery. Pallbearers were William Gerald Hincks, Robert Leo Hincks, Wallace Farragut, David Perench, John Kemp and Stanley Middleton Jr.

MRS. ELIZABETH NICKS
Mrs. Elizabeth Puckett Nicks, 69, died Wednesday, September 13, at Gulf View Haven Convalescent Home where she had been a patient for 13 days.

A native and life-long resident of Bay St. Louis, Mrs. Nicks was the daughter of the late Rev. and Mrs. W. H. Puckett. She was a member of Valena C. Jones United Methodist Church and the Sheltering Rock Benevolent Society of Bay St. Louis.

Survivors include her husband, Major Nicks; a foster son, Ulysses Shepard, both of Bay St. Louis; and two sisters, Mrs. Lillian Barthe, Bay St. Louis, and Mrs. Delect Thomas, Chicago, Ill.

Funeral services were held at 2 p.m. Saturday at Valena C. Jones United Methodist Church with the Rev. Charles Giles, pastor, officiating. Interment was in Cedar Rest Cemetery.

Baylous Funeral Home, Piquette, was in charge of arrangements.

Each year, more than 1.5 million trees and seedlings are planted along highway rights of way.

FREDRICK H. BOURGEOIS
Fredrick H. Bourgeois, a native of Waveland and a long time resident of Cut Off, La., died September 10 in Metairie Hospital, after a brief illness. He is survived by two daughters, Mrs. Howard Romera of New Orleans, and Mrs. Joseph Gergrie of Belle Rose, La., one son, Fred H. Bourgeois, Jr., New Orleans, and one sister, Mrs. Garfield Ladner, Waveland.

Mr. Bourgeois was the son of the late Virginia Carrio, and Lucien L. Bourgeois, of Waveland. He was the brother of Ernest, Harry, James Edgar, Alfred, Tony, Lucy Carver and Ada Edel all of whom are deceased.

Mr. Bourgeois was born in Waveland, September 15, 1887. He resided in Cut Off, La. for the past 50 years where he was owner and operator of a grocery store and a hotel for many years. Prior to his death and retirement he was in the contracting business.

MRS. VIVIAN HICK
Mrs. Vivian Laurent Heck, 69, died about 11 p.m. Friday, September 15, at Hancock General Hospital.

A member of Our Lady of the Gulf Catholic Church, Mrs. Hick is survived by a brother, Orest Laurent, New Orleans, and five sisters, Mrs. Olga Adams and Mrs. Camille Schwartz, both of Bay St. Louis; Mrs. Evelyn Spence and Mrs. Elsie Benigno, New Orleans, and Mrs. Julia Leddy, Waveland.

Funeral services were held at 9:45 a.m. Monday at Riemann's Fahey Funeral Home chapel followed by a Requiem Mass at 10 o'clock at Our Lady of the Gulf Catholic Church with Very Rev. Gregory Johnson, pastor, officiating.

Interment was in St. Mary's Cemetery with Victor Schwartz, William Laird, Louis Prissegnor, Charles Letzmann, Joseph Leddy and Charles Imbortone serving as pallbearers.

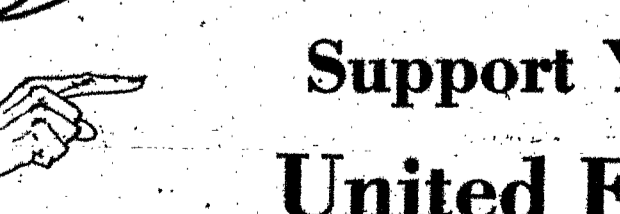

MRS. LOUELLA SURCOUF
Mrs. Louella Combel Surcouf, 76, a native of Bay St. Louis and resident of New Orleans for 41 years, died at 1 p.m. Monday in New Orleans.

Widow of Arthur S. Surcouf Sr., she is survived by two daughters, Mrs. Bessie Love Prendeville and Mrs. Mary S. Riddle, New Orleans; three sons, Arthur S. Surcouf Jr., Raymond N. Surcouf and Gerald P. Surcouf, New Orleans; two sisters, Mrs. Ester Bateman, Gulfport, and Mrs. Anita Green, New Orleans; a brother, Fred Combel; 14 grandchildren and 12 great-grandchildren.

Funeral services were held Wednesday morning from Jacob Schoen and Son Inc., Funeral Home followed by a Requiem Mass at St. Dominic Catholic Church. Interment was in Greenwood Cemetery.

Disposable Bottles Are A Nuisance

by Jean Edwards
neighborhood
Ecology Center

Have you ever tried to see how many feet you can walk along a street or parking lot before you find a pop-top from a disposable beverage can? It can become a compulsion!

Do you remember when you were a child of nine or ten going through a phase of compulsions? You probably had a certain way to stack your comic books or arrange your dressing table. It was the age for starting stamp or rock collections. You felt a drive to put numbers and words in certain orders. You did a funny thing with your mouth at every third telephone pole you passed and had to touch every fourth picket in the fences. The most disciplined one of all was making certain never to step on a crack in the concrete. It would break your mother's back.

You became worried about your sanity and wanted to stop when you realized it was a force stronger than yourself and completely out of control.

Dr. Spock says these compulsive drives happen because a child tries to suppress his hostility for certain people.

Well I'm not ten years old but I have become afflicted with a size of these childish compulsions, all related to

ecology. I think it's because I've been suppressing my hostility for litter and a dirty environment, so I'd like to take this opportunity to express it.

I'm going mad taking surveys from silent observations which come out with averages like these: Every seventh vehicle crossing Dunbar at Hi-Way 90 in mid-July is a camper; every tenth car passing the same location needs muffler repair. I cannot look around me at anytime without spying something "disposable" and it is impossible to walk more than three feet on a street or parking lot without finding a zip-top. For every green bottle I pass I blink my eyes twice, for every red and white can I twitch my nose once and I bite my tongue hard whenever I see an acquaintance throw tissue on the ground. (You know who you are.)

I collect pop-up tops, bottle caps, used plastic wrap, waxed paper, aluminum foil and bags. I never, never step on plastic spoons during a full moon and I always step on beer can holders; it turns the weather colder!

Here in Bay St. Louis and along the Gulf Coast we have an especially bad litter problem. Lots of people like to blame it on out-of-towners and tourists. One way to find out

exactly who is guilty would be to outlaw the sale of all disposable beverage containers. If the problem sometimes we'll know it's those "nasty picnicers" importing the trash from "you know what city, La." (Even they buy their second rounds locally.) At least our conscience will be clear.

Not practical you say? I say it's very practical. It would mean less garbage in our kitchen cans and less of a load for the city sanitation department and less tax dollars spent on littered streets. Besides, it's probably the only real cure for my maddening compulsions.

The following is a portion of an article for release sent to the Sea Coast Echo, entitled, "Crusade for a Cleaner Environment."

"Washington, D.C. September 6, 1972. N.E. Norton, president of the crusade for a cleaner environment, declared today that an Oregon Circuit Court ruling that Oregon's anti-pollution 'Bottle Deposit Law' is constitutional has made the way wide open for similar legislation now pending in over 35 states and numerous municipalities and counties.

The bottle deposit law, passed by the Oregon State legislature in 1971 is scheduled to take effect October 1, 1972. It requires a 5-cent deposit on beer and carbonated soft drink bottles and cans and would prohibit entirely the sale of beer and carbonated soft drinks in non-returnable containers. It is the only law of its kind in the nation.

The purpose of the act is to aid in alleviating the problems of litter and solid waste associated with "throwaway" beverage containers.

"The A.E. Neilson Company survey shows that the British Columbia Litter Act has cut back potential litter by reducing the volume of throw-away containers from an average of 49.35 percent of the share of the market in food stores in 1969

and 1970 (prior to legislation) to 25.65 percent of the same market for 1971-1972. At the same time, the use of returnable bottles in the same market has increased from a two-year average of 50.65 percent of sales to 74.95 percent an increase of 48 percent, the survey showed.

It's not too idealistic for our own area to follow suit when you consider the tax dollars spent on cleaning litter.

What do you say legislators? Won't you work on getting a similar bill passed in our own state?

I would be free to walk on the ground without having to twitch my nose, blink my eyes, or worry about a full moon or the weather.

MRS. ANNA LUTZ, top center, calls to workers on the ground as others work frantically to remove furnishings from her living quarters threatened by her blazing restaurant and lounge. Less than 50 feet away, firemen from five area departments fought to control flames which ultimately destroyed Annie's Restaurant in Henderson Point, in a pre-dawn fire Monday.

(Echo staff photo by Adoree Shortle)

Mower Mishaps

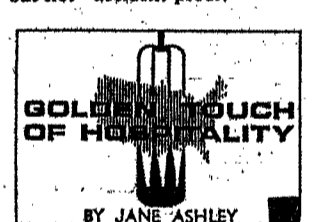

Jockeying his power lawnmower along a grassy slope, Fred suddenly lost his balance. As he fell, his right foot slid underneath the housing of the mower. Result: a severe cut.

Could the manufacturer of the mower be held legally liable for this injury? Fred thought so, and in due course he filed a damage suit against the company.

"A power mower is a dangerous piece of machinery," he argued in a court hearing. "It is up to the manufacturer to make sure it can't cut anything but grass."

However, the court disagreed. Tossing out Fred's claim, the court said a manufacturer must make its product reasonably safe but not "accident proof."

Cover Cream Pie with Fruit Glaze

Among the hardest to resist of the delicacies offered from a restaurant dessert cart are the cream pies topped with beautiful fruit in a shining sweet glaze.

These pies always look like the work of a master dessert chef, but they are, in fact, quite easy to make. Three steps are involved in the creation of a tempting fruit glazed cream pie.

First the pastry shell is baked. Then a basic cream filling is cooked. This may be made from the cook's own recipe or the filling may come from a package.

When the filling has cooled, it is poured into the pie shell, covered with waxed paper and chilled thoroughly before topping with fruit and glaze.

The third step is arranging the fruit and preparing the fruit glaze.

Fruit Glazed Cream Pie
1 baked 9-inch pie shell
1 recipe cream pie filling
1 tablespoon corn starch
Dash salt
1/4 cup crushed fresh fruit
1/4 cup water
1/2 cup light corn syrup
1 cup selected fresh fruit.

Mix corn starch and salt together in a small saucepan. Gradually stir in crushed fruit, water and corn syrup. Cook over medium heat, stirring constantly, until mixture thickens and clears. Remove from heat. Cool. Arrange fruit on cream filling. Spoon on glaze. Chill.

A car emits four times as much carbon monoxide in downtown stop-and-go traffic as it does on an expressway.

PORT BIENVILLE train, owned by the Hancock County Port and Harbor Commission, delivers pipe for Tennessee Gas Company. The train delivered 16 carloads Saturday and 23 carloads Monday. Tennessee Gas has plans to build an additional one this year.

WAVELAND GARDEN OF THE MONTH, chosen by the Bay - Waveland Garden Club is the home of Mr. and Mrs. W.R. Cagle, 108 Mollere Drive.

DEATHS

ROY R. KOENENN
Roy R. Koenenn, 65, a resident of Dedeaux Community, was pronounced dead at 6:35 p.m., Thursday, September 14 on arrival at Crosby Memorial Hospital. A retired farmer, Mr. Koenenn was born March 13, 1907, in Kiln. He was a member of Sacred Heart

Catholic Church, Dedeaux. Survivors include his wife Mrs. Nancy Cameron Koenenn, Dedeaux; two stepsons, Forest Anderson, Pass Christian, and Nickie Necaise, Austin, Texas; three stepdaughters, Mrs. Etta Williams and Mrs. Patsy Soule, both of New Orleans, and Mrs. Louise Donlin, Pass Christian; four brothers, P. J. Koenenn and Albert Koenenn, both of Gulfport; John Koenenn, Fenton, and Robert Koenenn, Pass Christian, and six sisters, Mrs. D. H. Walker, New Orleans; Mrs. Carrie Allen, Pass Christian; Mrs. Bernice Garriga, Fenton; Mrs. Jessie Wilder, Mrs. Barbara Taylor and Mrs. Lois Robinson, all of Gulfport.

A prayer service was held at 2:45 p.m. Saturday at the family residence followed by a Requiem Mass at Sacred Heart Catholic Church with Rev. William Vollar, pastor, as celebrant. Interment was in Rotten Bayou Cemetery.

Concern Or Control?

Supervisor Jerry Ladner's attempt to exercise complete control over the Hancock County Port and Harbor Commission can do nothing but hurt our county, both internally and externally.

Under the guise of "doing something for the people", Mr. Ladner is engaging in his own method of private eyeing. Claiming that he is protecting the people of Hancock County, Ladner is fighting the Port and Harbor Commissioners, five of which are appointed by the Board of Supervisors.

Need we remind Mr. Ladner that an almost perfect set of checks and balances has been set up between the Supervisors and the Port and Harbor Commission. The Commission cannot act without approval by the Supervisors. On the other hand, the Supervisors cannot dictate their wishes to the Commission.

Mr. Ladner also accuses Dr. Michael Smith of running the operation the way he (Smith) wants to. What is wrong with that? Is that not the reason for hiring an executive director? Should Dr. Smith be asked to consult Mr. Ladner before each and every decision?

Each Port and Harbor contract, each Port and Harbor resolution is presented to the Supervisors for ratification. In addition, the Supervisors approve the operating budget of the Port and Harbor. What else does Mr. Ladner want except to look over Dr. Smith's shoulder and slap his hands when the director makes a move not in accord with his own wishes.

As a "champion of the people", Mr. Ladner's constant referral to his "one hundred percent interest in the people of Hancock County" is becoming a little tired in light of his attempts to keep things under his thumb. Two percent of an intelligent decision is worth more than unfounded accusations backed up by one hundred percent concern.

Leave Politics Out Of NDP Decision

On Tuesday, the voters of Bay St. Louis will be given an opportunity to decide the fate of the Neighborhood Development Program for their city.

As with all federally-funded projects, the program has its merits and its drawbacks. But Bay St. Louis voters must keep one thing in mind—vote on the program not on the men who run the city's government.

Because this is an election year, emotions are beginning to run high as the people move to take sides in this year's municipal races. But now is not the time. The program is the result of months of preparation by both the city fathers and Seabrook and Associates and it deserves serious consideration.

When you go to the polls Tuesday, make your decision on the program ALONE. Wait until May for the other.

Our readers write

Dear Sir:

In an attempt to disclaim responsibility for his failure to make application to the Economic Development Administration for federal funds in the amount of \$260,000 for the first phase of the Stennis International Airport expansion project, Mr. Michael Smith, Director, Hancock County Port and Harbor Commission, issued the following statement as reported in the Biloxi-Gulfport Daily Herald under headline of September 15, 1972.

"An application for an initial \$260,000 from the Economic Development Administration which should have been filed in January but inadvertently was not, has apparently jeopardized the commission's priority to receive the monies, Commission Director Dr. Michael Smith said Thursday night. The application was to have been filed by airport manager M.G. (Jack) Seuzeneau but was not—the oversight was not discovered until recent weeks, Dr. Smith indicated."

This fallacious statement by Mr. Smith reflects adversely on my integrity, competence and respect of the community. Therefore, I deem it categorically imperative that I submit the following

statement to the people of Hancock County in order that the truth be known.

I, M. G. (Jack) Seuzeneau, during my tenure as Aviation Director Stennis International Airport, have never had the responsibility, nor the authority, nor have I ever been directed to seek or make application for any funds from Federal, private or from any source whatsoever. Initial and final responsibility for this failure rests entirely on the shoulders of Mr. Smith and he alone must answer for the \$260,000 loss to the people of Hancock County.

Respectfully,
M. G. (Jack) Seuzeneau

Prior to his appointment by President Woodrow Wilson as the first Secretary of Labor, William B. Wilson was the Congressman from Pennsylvania who sponsored the legislation which created the Federal Department of Labor. Wilson, a burly, friendly Scotch immigrant and former officer of the National Union of Miners, was appointed on March 6, 1913 and served to March 4, 1921.

Highways, including city and suburban streets, occupy less than one per cent of the land area in the United States.

Colling's Corner

By E.S. Colling

City-County Library Writer

The recent Olympic games were telecast by the ABC network about as competently as they could have been done—except in one respect. They were more than adequately handled by skilled directors and expert commentators, and the camera work and technical details were about as good as we have ever seen.

To cover the games was a most difficult job, and the coordination between the general over-all fix, and his individual directors seldom slipped. The job was especially difficult because of the sudden and dramatic interruption of the kidnapping of the Jewish athletes and the subsequent gun battle at the airport. Seldom has a telecasting crew been present throughout such a dramatic event, and the men who handled the overall coverage and shot the scenes at Building 31 and at the airport deserve the highest praise.

But, as usual, greed and lack of common sense in one phase of the telecasts cancelled their excellence and

brought them down to the regular ho-hum level. The broadcasts were on the air for a total of some 64 hours, and during this period there must have been more than 3000 commercial "messages" broadcast, at the guesstimated rate of four commercials every four minutes, on the average.

We have no official figures to bear out this estimate, but from personal observation we know that multiple commercials were given between the rounds of the boxing matches and after every gymnastic event, every swimming, diving, and track contest—in short, whenever there was the slightest break in the athletic competition, and sometimes during it, as when commercials were injected in the shell races, the pole vaults and high jumps. Whenever there was the slightest chance to put in commercials, sometimes even cutting out part of the event itself, it was done—and not just one commercial at a time but even five in a row.

Even during the tragic events at the airport, commercials faithfully appeared at four or five minute intervals. We remember especially that while the gunfire was going on, the screen showed a chandelier being dipped in pancake batter to advertise a detergent.

The closing ceremonies were beautiful and impressive, but even here the commercials crowded in without sense or good taste, appearing even during the showing of the magnificent artificial rainbow that stretched across the stadium.

All this must have brought a fortune to the network, even though their expenses were very heavy. They did a fine job, and it's a shame that the athletic events kept interfering with their steady flow of stupid commercials.

Social Security Information

"If a person becomes unable to work because of a disabling condition, it is important that he make application for social security benefits as soon as possible after disability starts," Joseph D. Alfonso, representative of the Gulfport social security office, said today. "It is not necessary to wait six full months before contact is made with the office," he pointed out. By filing immediately, the disabled person may receive his benefit checks at an earlier date. Delay in filing a claim could cause the loss of some benefits.

If someone is disabled and can't work, he should get in touch with the social security office right away. A telephone call might save a trip. Correct information can be furnished by expert technicians who are trained to assist the public in such matters.

For more disability information, call your social security office at 896-1323.

Trumpets In The Morning

First Baptist Church, Bay St. Louis

BLESSED BOOK

A young Christian, packing his bag for a journey, said to a friend, "I have nearly finished packing. All I have to put in the bag yet are a guide book, a lamp, a mirror, a microscope, a volume of fine poetry, a few biographies, a package of old letters, a book of songs, a sword, a hammer, and a set of books I have been studying." Then he placed his Bible in a corner of the suitcase and closed it.

All this - and more - is the blessed Word of God which God has magnified above His Own Holy Name (Psalm 138:2).

If this young man had put in a can of honey and a bag of

Veterans Information

Q - Do I have to use a VA form to change the beneficiary on my GI insurance policy?

A - No. Any clear statement signed by the policyholder is acceptable to VA. However, it is preferred that VA Form 29-336 be used.

Q - My aunt is a disabled veteran of World War II. She needs care in a home, but does not need nursing home care or hospitalization. Does VA have such homes for women veterans?

A - Yes, VA has domiciliarys, and those at Bay Pines, Fla., Dayton, Ohio and Martinsburg, W. Va., and Vancouver, Wash., have facilities for women veterans. Any VA office will help your aunt make the application for this benefit.

Q - Can a veteran whose VA benefits have been forfeited apply for their reinstatement?

A - Yes, a veteran may apply for presidential pardon which, if granted, may again

entitle him to VA benefits for which he was originally eligible.

Q - Who approves schools or institutions for training under the GI Bill?

A - That responsibility falls to the states, each of which has an approving agency.

Q - Are women veterans eligible for VA pension?

A - Yes. Some 10,100, or about .9 per cent of the total number of veterans on VA pension rolls, are women.

Q - I have National Service Life Insurance which has been in force under the ordinary life plan since 1945. If I discontinue premiums and take out a paid-up policy, will my dividends be discontinued?

A - No, but dividends will not be as large as those on your present policy. If you take out a paid-up policy, the amount of insurance in force will be less than the present face value of your policy, and dividends will be computed on the reduced amount.

TUNA TOPICS!

VERSE-ATILE FISH! CALLED "TUNAS" BY THE ANCIENT GREEKS - TUNA WAS NOT ONLY USED AS A DELECTABLE MEAT FOR HOUSEHOLD COOKING AND OTHER FORMS OF ARTWORK... BUT WAS CELEBRATED WIDELY IN LATIN VERSE!

HOOK LINE & INCA!

THE INCA EMPERORS CONSIDERED TUNA SUCH A DELICIOUS DELICACY, THEY HAD RELAY-RUNNERS HUFF AND PUFF FOR 130 MILES--TO DELIVER FISH TO THE PALACE... THE SAME DAY THEY WERE CAUGHT!

MODERN TIMES! TODAY,

TUNA IS THE MOST POPULAR OF ALL CANNED FISH, AS WELL AS ONE OF THE GREATEST OF ALL PROTEIN FOODS. IT SUPPLIES THE BODY WITH A RICH SOURCE OF AMINO ACIDS - THE ESSENTIAL BUILDING BLOCKS OF BODY PROTEINS...AND IS HIGH IN VITAMINS, IODINE, FLUORINE, AND PHOSPHORUS!

Chamber Report

By Sylvia McComiskey

The Chamber responded this week to 21 telephone requests for area information, twelve letters requesting information, and 14 visitors in our office requesting information of various sorts. According to our "Central Calendar", the Friends of the Library will hold open house at the City-County Public Library on Ulman Avenue Tuesday, October 10 from 6:30 to 9:30 p.m. for the purpose of letting the public view the facilities available at our Library. Everyone who possibly can, certainly should attend.

In our search for new industry for our County, let us not neglect what we already have. In February of 1972, Eljer Plumbingware, a division of Wallace-Murray Corporation with office in New York City, purchased the Rittner Industrial Enameling plant. Eljer, with seven plants (two in Mississippi—Bay St. Louis and Tupelo) produces in the Bay St. Louis Plant plumbing systems—and fixtures—including enameled steel bathtubs, lavatories, sinks and architectural panels. Eljer employs 115 people and future growth is anticipated. Mr. Ted Noyes became manager of

this plant on August 15 of this year and has shown that Eljer wants to be a vital part of our county by their unsolicited contribution to the United Fund Campaign last week. We commend Eljer Plumbingware for their generosity and wish them continued success in Bay St. Louis.

According to the Mississippi State Tax Commission, Bay St. Louis city sales taxes for the month of August totaled \$17,281.62. This is an increase over the month of August, 1971, when total collected was \$15,673.77. Sales taxes collected for Waveland for the month of August totaled \$4,503.06; total collected in August of 1971: \$4,311.05.

Anyone wishing to improve their bridge game may take advantage of the Intermediate Bridge course offered at Southern's Gulf Park College. Fee: \$21.00. First Class: Thursday, September 21 at 7 p.m.

Mr. Sidney Kidd, Traffic Control and Safety Engineer from the office of Mr. W. H. St. Louis Plant plumbing systems—and fixtures—including enameled steel bathtubs, lavatories, sinks and architectural panels. Eljer employs 115 people and future growth is anticipated. Mr. Ted Noyes became manager of Highway 90 safe.

DEATHS

W.G. HINCKS

William Gaultier Hincks, 61, a native of New Orleans and resident of the Coast for 20 years, died at 7 a.m. Friday, September 15, in Jackson, Miss.

Mr. Hincks was retired from the construction business and was a member of the Catholic Church. Survivors include his wife, Mrs. Geraldine O'Brien Hincks, Bay St. Louis; three daughters, Mrs. Sylvia Spratley and Mrs. Odele Peranich, both of Bay St. Louis, and Mrs. Diane Farragut, Pineville; two sons, William Gerald Hincks and Robert Leo Hincks, Bay St. Louis; 15 grandchildren; a sister, Mrs. Gladys DeArmas, and a brother, John W. Hincks Jr., both of New Orleans. Funeral services were held Saturday afternoon from Tharp-Sontheimer-Tharp Funeral Home, New Orleans.

Interment was in Metairie Cemetery. Pallbearers were William Gerald Hincks, Robert Leo Hincks, Wallace Farragut, David Peranich, John Kemp and Stanley Middleton Jr.

MRS. ELIZABETH NICKS

Mrs. Elizabeth Puckett Nicks, 69, died Wednesday, September 13, at Gulf View Haven Convalescent Home where she had been a patient for 13 days.

A native and life-long resident of Bay St. Louis, Mrs. Nicks was the daughter of the late Rev. and Mrs. W. H. Puckett. She was a member of Valena C. Jones United Methodist Church and the Sheltering Rock Benevolent Society of Bay St. Louis.

Survivors include her husband, Major Nicks; a foster son, Ulysses Shepard, both of Bay St. Louis; and two sisters, Mrs. Lillian Barthe, Bay St. Louis, and Mrs. Delect Thomas, Chicago, Ill.

Funeral services were held at 2 p.m. Saturday at Valena C. Jones United Methodist Church with the Rev. Charles Giles, pastor, officiating. Interment was in Cedar Rest Cemetery.

Baylous Funeral Home, Piquette, was in charge of arrangements.

Each year, more than 1.5 million trees and seedlings are planted along highway rights of way.

FREDRICK H. BOURGEOIS

Fredrick H. Bourgeois, a native of Waveland and a long time resident of Cut Off, La., died September 10 in Metairie Hospital, after a brief illness. He is survived by two daughters, Mrs. Howard Romero of New Orleans, and Mrs. Joseph Gertrude of Belle Rose, La., one son, Fred H. Bourgeois, Jr., New Orleans, and one sister, Mrs. Garfield Ladner, Waveland.

Mr. Bourgeois was the son of the late Virginia Carrio, and Lucien L. Bourgeois, of Waveland. He was the brother of Ernest, Harry, James Edgar, Alfred, Tony, Lucy Carver and Ada Edel all of whom are deceased.

Mr. Bourgeois was born in Waveland, September 15, 1887. He resided in Cut Off, La. for the past 50 years where he was owner and operator of a grocery store and a hotel for many years. Prior to his death and retirement he was in the contracting business.

MRS. VIVIAN HICK

Mrs. Vivian Laurent Heck, 69, died about 11 p.m. Friday, September 15, at Hancock General Hospital.

A member of Our Lady of the Gulf Catholic Church, Mrs. Hick is survived by a brother, Orest Laurent, New Orleans, and five sisters, Mrs. Olga Adams and Mrs. Camille Schwartz, both of Bay St. Louis; Mrs. Evelyn Spence and Mrs. Elsie Benigno, New Orleans, and Mrs. Julia Leddy, Waveland.

Funeral services were held at 9:45 a.m. Monday at Riemann's Fahey Funeral Home chapel followed by a Requiem Mass at 10 o'clock at Our Lady of the Gulf Catholic church with Very Rev. Gregory Johnson, pastor, officiating.

Interment was in St. Mary's Cemetery with Victor Schwartz, William Laird, Louis Frissegner, Charles Letzmann, Joseph Leddy and Charles Imbomone serving as pallbearers.

MRS. LOUELLA SURCOUF

Mrs. Louella Combel Surcouf, 76, a native of Bay St. Louis and resident of New Orleans for 41 years, died at 1 p.m. Monday in New Orleans.

Widow of Arthur S. Surcouf Sr., she is survived by two daughters, Mrs. Bessie Love Prendeville and Mrs. Mary S. Riddle, New Orleans; three sons, Arthur S. Surcouf Jr., Raymond N. Surcouf and Gerald P. Surcouf, New Orleans; two sisters, Mrs. Ester Bateman, Gulfport, and Mrs. Anita Green, New Orleans; a brother, Fred Combel; 14 grandchildren and 12 great-grandchildren.

Funeral services were held Wednesday morning from Jacob Schoen and Son Inc., Funeral Home followed by a Requiem Mass at St. Dominic Catholic Church. Interment was in Greenwood Cemetery.

Disposable Bottles Are A Nuisance

by Jean Edwards
neighborhood
Ecology Center

Have you ever tried to see how many feet you can walk along a street or parking lot before you find a pop-top from a disposable beverage can? It can become a compulsion!

Do you remember when you were a child of nine or ten going through a phase of compulsions? You probably had a certain way to stack your comic books or arrange your dressing table. It was the age for starting stamp or rock collections. You felt a drive to put numbers and words in certain orders. You did a funny thing with your mouth at every third telephone pole you passed and had to touch every fourth picket in the fence. The most disciplined one of all was making certain never to step on a crack in the concrete. It would break your mother's back.

You became worried about your sanity and wanted to stop when you realized it was a force stronger than yourself and completely out of control. Dr. Spock says these compulsive drives happen because a child tries to suppress his hostility for certain people.

Well I'm not ten years old but I have become afflicted with a size of these childish compulsions, all related to

ecology. I think it's because I've been suppressing my hostility for litter and a dirty environment, so I'd like to take this opportunity to express it.

I'm going mad taking surveys from silent observations which come out with averages like these: Every seventh vehicle crossing Dunbar at Hi-Way 90 in mid-July is a camper; every tenth car passing the same location needs muffler repair. I cannot look around me at anytime without spying something "disposable" and it is impossible to walk more than three feet on a street or parking lot without finding a zip-top. For every green bottle I pass I blink my eyes twice, for every red and white can I twitch my nose once and I bite my tongue hard whenever I see an acquaintance throw tissue on the ground. (You know who you are.)

I collect pop-up tops, bottle caps, used plastic wrap, waxed paper, aluminum foil and bags. I never, never step on plastic spoons during a full moon and I always step on beer can holders; it turns the weather colder!

Here in Bay St. Louis and along the Gulf Coast we have an especially bad litter problem. Lots of people like to blame it on out-of-towners and tourists. One way to find out

exactly who is guilty would be to outlaw the sale of all disposable beverage containers. If the problem continues we'll know it's those "nasty picnicers" importing the trash from "you know what city, La." (Even they buy their second rounds locally.) At least our conscience will be clear.

Not practical you say? I say it's very practical. It would mean less garbage in our kitchen cans and less of a load for the "City" sanitation department and less tax dollars spent on littered streets. Besides, it's probably the only real cure for my maddening compulsions.

The following is a portion of an article for release sent to the Sea Coast Echo, entitled, "Crusade for a Cleaner Environment."

"Washington, D.C. September 6, 1972. N.E. Norton, president of the crusade for a cleaner environment, declared today that an Oregon Circuit Court ruling that Oregon's anti-pollution 'Bottle Deposit Law' is constitutional has made the way wide open for similar legislation now pending in over 35 states and numerous municipalities and counties.

The bottle deposit law, passed by the Oregon State legislature in 1971 is scheduled to take effect October 1, 1972. It requires a 5-cent deposit on beer and carbonated soft drink bottles and cans and would prohibit entirely the sale of beer and carbonated soft drinks in non-returnable containers. It is the only law of its kind in the nation.

The purpose of the act is to aid in alleviating the problems of litter and solid waste associated with "throwaway" beverage containers.

"The A.E. Neelson Company survey shows that the British Columbia Litter Act has cut back potential litter by reducing the volume of throw-away containers from an average of 49.35 percent of the share of the market in food stores in 1969

and 1970 (prior to legislation) to 25.35 percent of the same market for 1971-1972. At the same time, the use of returnable bottles in the same market has increased from a two-year average of 50.85 percent of sales to 74.95 percent, an increase of 48 percent, the survey showed.

It's not too idealistic for our own area to follow suit when you consider the tax dollars spent on cleaning litter.

What do you say legislators? Won't you work on getting a similar bill passed in our own state?

I would be free to walk on the ground without having to twitch my nose, blink my eyes, or worry about a full moon or the weather.

DO YOU HAVE A DRINKING PROBLEM? If you think you have, chances are you do. Contact Alcoholics Anonymous for HELP.

For information CALL 863-8620.

For the family of the problem drinker, Al-Anon meets Mondays, 8:00 P.M., St. Augustine's Cafeteria.

THE
FAMILY
LAWYER

Mower Mishaps

Jockeying his power lawnmower along a grassy slope, Fred suddenly lost his balance. As he fell, his right foot slid underneath the housing of the mower. Result: a severe cut.

Could the manufacturer of the mower be held legally liable for this injury? Fred thought so, and in due course he filed a damage suit against the company.

"A power mower is a dangerous piece of machinery," he argued in a court hearing. "It is up to the manufacturer to make sure it can't cut anything but grass."

However, the court disagreed. Tossing out Fred's claim, the court said a manufacturer must make its product reasonably safe but not "accident proof."

GOLDEN TOUCH
OF HIGHER QUALITY

BY JANE ASHLEY

Cover Cream Pie
with Fruit Glaze

Among the hardest to resist of the delicacies offered from a restaurant dessert cart are the cream pies topped with beautiful fruit in a shining sweet glaze.

These pies always look like the work of a master dessert chef, but they are, in fact, quite easy to make. Three steps are involved in the creation of a tempting fruit glazed cream pie.

First the pastry shell is baked. Then a basic cream filling is cooked. This may be made from the cook's own recipe or the filling may come from a package.

When the filling has cooled, it is poured into the pie shell, covered with waxed paper and chilled thoroughly before topping with fruit and glaze.

The third step is arranging the fruit and preparing the fruit glaze.

Fruit Glazed Cream Pie
1 baked 9-inch pie shell
1 recipe cream pie filling
1 tablespoon corn starch
Dash salt
¼ cup crushed fresh fruit
¼ cup water
¼ cup light corn syrup
1 cup selected fresh fruit

Mix corn starch and salt together in a small saucepan. Gradually stir in crushed fruit, water and corn syrup. Cook over medium heat, stirring constantly, until mixture thickens and clears. Remove from heat. Cool. Arrange fruit on cream filling. Spoon on glaze. Chill.

A car emits four times as much carbon monoxide in downtown stop-and-go traffic as it does on an expressway.

STATE OF MISSISSIPPI COUNTY OF HANCOCK

NOTICE OF TRUSTEE'S SALE

WHEREAS, on the 24th day of June, 1967, Roy Hulon Anderson and wife, Janet Shepherd Anderson, executed a deed of trust to J. Ruble Griffin, Trustee, to secure an indebtedness therein mentioned to Hershell B. Anderson and wife, Estelle B. Anderson, which deed of trust is duly recorded in Vol. 120, pages 377-378, Records of Mortgages and Deeds of Trust on Land, Hancock County, Mississippi; and

WHEREAS, default having been made in the payment of said indebtedness and the said Hershell B. Anderson and Estelle B. Anderson, the legal holders of said indebtedness, having requested the undersigned trustee to execute the trust and sell said land and property in accordance with the terms of said deed of trust, for the purpose of raising the sums due thereunder, together with attorney's fees, trustee's fees and expense of sale.

NOW, THEREFORE, I, O. B. Taylor, Jr., Trustee in said deed of trust, will on the 13th day of October, 1972 offer for sale at public outcry, and sell within legal hours, (being between the hours of 11:00 A.M. and 4:00 P.M.), at the front door of the County Court House of the County of Hancock, Mississippi, to the highest and best bidder for cash, the following described property lying and being situated in the County of Hancock, State of Mississippi, to-wit:

Lot 16, Block 2, Spanish Acres Estates Subdivision to the City of Bay St. Louis, County of Hancock, State of Mississippi, as per map or plat thereof on file and of record in Plat Book 3, Page 31 of the Plat Records of Hancock County, Mississippi.

I will convey only such title as is vested in me as Trustee. ADVERTISED, POSTED AND DATED this, the 14th day of September, A. D., 1972.

TRUSTEE'S NOTICE OF SALE

WHEREAS, on November 4, 1970 Floyd Johnston and wife, Bonnie Johnston, executed a deed of trust to O.B. Taylor, Jr., Trustee for the benefit of Kimbrough Investment Company, which deed of trust is recorded in Deed of Trust Book 148 at page 438 in the office of the Chancery Clerk of Hancock County, State of Mississippi; and

WHEREAS, default having been made in the terms and conditions of said deed of trust and the entire debt secured thereby, having been declared to be due and payable in accordance with the terms of said deed of trust, and the legal holder of said indebtedness, Kimbrough Investment Company, having requested the undersigned trustee to execute the trust and sell said land and property in accordance with the terms of said deed of trust, for the purpose of raising the sums due thereunder, together with attorney's fees, trustee's fees and expense of sale.

NOW, THEREFORE, I, O. B. Taylor, Jr., Trustee in said deed of trust, will on the 13th day of October, 1972 offer for sale at public outcry, and sell within legal hours, (being between the hours of 11:00 A.M. and 4:00 P.M.), at the front door of the County Court House of the County of Hancock, Mississippi, to the highest and best bidder for cash, the following described property lying and being situated in the County of Hancock, State of Mississippi, to-wit:

Lot 16, Block 2, Spanish Acres Estates Subdivision to the City of Bay St. Louis, County of Hancock, State of Mississippi, as per map or plat thereof on file and of record in Plat Book 3, Page 31 of the Plat Records of Hancock County, Mississippi.

I will convey only such title as is vested in me as Trustee. ADVERTISED, POSTED AND DATED this, the 14th day of September, A. D., 1972.

Sheriff's Office Confiscates 'Potted' Plants

Hancock Sheriff Sylvan Ladner and deputies confiscated 31 mature marijuana plants Sept. 13 from a cultivated patch in the Catahoula community.

The patch had been under observation by the sheriff's department for about three weeks and the decision was made to take the plants Wednesday late afternoon as the crop was dying from lack of attention.

A search of two homes in the immediate area revealed no additional articles. Assisting Ladner were deputies Fairley Necaise, A.J. Cuevas, James Ladner, J.W. Page, Lathan Garriga, special agent Ronald Peterson, Constable Sam Perniciaro.

GET SOCIAL SECURITY CREDIT FOR YOUR TIPS

If you get \$20 or more in tips in a month from one employer:

- Keep a record
- Give a written report to your employer by the 10th of the next month
- Arrange with your employer to pay the social security contributions

U.S. DEPARTMENT OF HEALTH, EDUCATION, AND WELFARE
Social Security Administration

Social security is not just for retired workers. It's for dependents, survivors, and the severely disabled, too.

Red Cross Directs 'Project Find'

To the American Red Cross - This well known national organization has been selected by the Government to handle Project "Find", which is designed to locate older Americans who qualify but do not receive food stamps under the Federal Food Program.

Red Cross has been given the task of enrolling, training and supervising volunteers to seek out and reach eligible older persons in Hancock County requiring nutritional assistance. Because of the large number of low income senior citizens in our area this, much needed program will be most helpful. Persons wishing to volunteer for this work should call Mrs. Robert S. Clark, chairman of Volunteers at 467-9669 or Mrs. Thelma Kergosien, executive secretary of the Hancock County Red Cross Chapter at 467-5045.

"Project Find" was announced at the White House last spring. Dr. Arthur S. Fleming, chairman of the White House Council on Aging, is in charge of the campaign. Dr. Fleming said, "The nutritional problems of the elderly are complex and defy an easy solution. An imaginative and creative joint public and private effort promises to be an effective means of meeting these needs".

In addition to the work on project find, the services of

the American Red Cross are numerous, particularly their disaster relief, and round the clock assistance to the military man, his family and to the veteran. Their wonderful life saving work on the Blood Bank takes care of the drawing, storage and distribution of the blood.

In the summer of 1972 Red Cross swimming instructors taught 425 children and adults

to swim. Many courses were given in first aid, life saving and water safety. Instructions were also given to those working with the elderly on safety in the home. Courses in first aid are scheduled to be given by Brother Albert of St. Stanislaus, and anyone interested should get in touch with him.

September 15, 1948: World speed record of 670.981 m.p.h. over a three kilometer course was set by Maj. Richard L. Johnson, in F-86A at Muroc, Calif.

September 30, 1949: Berlin Airlift, gradually reduced since 12 May 1949, officially ended. Results show 2,343,301.5 tons of supplies carried on 277,264 flights, U. S. planes carried 1,783,826 tons.

Private passenger cars carry 98 per cent of rural and intercity travel.

Fire Destroys Restaurant

By Adoree Shortle
Echo staff writer

Annie's Restaurant and Lounge, for many years a landmark in Henderson Point, was gutted in the pre-dawn hours Monday by a fire of undetermined origin.

Pass Christian firemen answering the 4:30 a.m. call arrived to find the approximately 10,000-square-foot building engulfed by flames and billows of smoke pouring from the roof.

Pass Christian Fire Chief George Mixon said fire suppression efforts were hampered by the absence of fire hydrants in the area. Inadequate water supply necessitated area fire units pumping water from a nearby canal and feeding from one unit to another through tanks.

The fire apparently started in the roof over the northwest corner of the building, Mixon said. Flames spread rapidly through the restaurant and lounge destroying the dining rooms, bar, kitchen and store rooms. Only a private dining room and living quarters in a rear building were undamaged.

Close to 40 regular and volunteer firemen from Bay St. Louis, Long Beach, Gulfport and Pineville assisted Pass Christian in battling the blaze for more than three hours. Four fire fighters were injured and treated at the scene by the Long Beach Emergency Unit. Volunteer Chief Jerry Anderson and Fireman Robert Goff were treated for gashes and burns on their hands. Fireman Leslie Ladner for a broken finger, and Bay St. Louis Fireman Greg Richardson was treated for smoke inhalation. Three of the injured were later taken to Gulfport Memorial Hospital for further treatment.

Cave - Champion

Engagement Announced

Mr. and Mrs. Daniel F. Campion of Waveland announce the engagement of their daughter Bridget Mary Margaret to Roy Michael Cave, son of Mr. and Mrs. Sam Cave of Huntsville, Alabama, formerly of Clermont Harbor.

Miss Campion graduated from Bay High School in 1969 and will graduate from the University of Southern Mississippi in November with a B.S. in Business Education. She is a member of Phi Beta Lambda business education fraternity.

Mr. Cave also graduated from Bay High School in 1969 and attends the University of Southern Mississippi where he is majoring in Biology. He is a member of Sigma Phi Epsilon social fraternity.

Miss Campion and Mr. Cave are presently doing their student teaching at Bay High

Miss Frierson

Will Wed

Mr. Lombardo

Miss Fran Elizabeth Frierson, daughter of Mr. Frank James Frierson and the late Mrs. Viola S. Frierson will wed Frank Joseph Lombardo, Jr., this Saturday at 4 p.m. at Our Lady of the Gulf Church. Mr. Lombardo is the son of Mr. and Mrs. Frank Lombardo Sr.

A reception will be held in the parish hall immediately following the ceremony. Relatives and friends are invited to attend.

Soil is for plants, Not for tire tracks

Annie's has a history of similar catastrophes in more than 30 years of operation in Henderson Point. The establishment survived one previous fire and two hurricanes before being destroyed by Camille in 1969. Completely renovated and reopened in 1970, the restaurant was valued at \$750,000 by owners and operators Mr. and Mrs. Thayer Lutz. In addition to furnishings, equipment and an extensive food and liquor stock Mrs. Lutz said antiques and many irreplaceable items were lost.

Taking into consideration the nature of these losses, she said, "I don't think even \$750,000 could bring it back."

Mrs. Margie Cannon, a newspaper carrier, first discovered the fire shortly after 4 a.m. and notified Mrs. Lutz's brother, Sylvester Pagano, who in turn awakened the Lutzs in their residence next door.

The Harrison County Sheriff's office requested an investigation by the State Fire Marshal's office, on suspicion of arson.

"We have reason to believe that the probable cause of the fire was an electrical shortage in the northwest end of the roof section by the fireplace from an outside light receptacle," Mixon said.

Fire suppression was further complicated by double roof construction of the building which created drafts causing flames to burn uncontrollably between the sections, he added.

Despite the disastrous loss, Mrs. Lutz feels that she "has an awfully lot to be thankful for." When asked if she plans to rebuild, she said, "I have no choice. I've got to go back in business."

"My roots are here... I'm not a quitter. I can't be."

AT ODDS... Dr. Mike Smith, foreground, and Jack Seuzeneau during Monday's Supervisors' meeting. (Echo staff photo by Marleen Maher)

NDP VOTE...

(Continued from page 1A)

Applications and plans for the NDP project were handled by Seabrook and Associates. City commissioners Andre Arceneaux and William Frisbie called for a public referendum on NDP, although Mayor Warren Carver voted against the move claiming that in his opinion, a referendum was not necessary.

Mayor Carver said Wednesday that a number of rumors have been circulating about the program and he suggests that the public should contact City Hall and discuss the problems with either

himself or the two commissioners.

NDP has been endorsed by the Bay St. Louis Jaycees and the Bay St. Louis Planning and Zoning Commission.

Polls will be open from 7 a.m. to 6 p.m. North and South Bay residents will vote in City Hall. West Bay residents will vote in the foyer of the Bay High Tigerdome on Blue Meadow Road.

A majority of votes cast is needed to pass the NDP project, not a two-thirds vote as was stated in last week's public meeting.

CEHS Student Named Merit Semifinalist

Coast Episcopal High School, Principal Peter Psikoglos has announced that Donna Byrne has been named Semifinalist in the 1973 National Merit Scholarship Program. Donna is the daughter of Dr. and Mrs. George Byrne of Pass Christian.

The Semifinalists received the highest qualifying scores in their states on the Preliminary/Scholastic Aptitude Test National Merit Scholarship Qualifying Test (PSAT-NMQT), which was given last October to over one million students in about 16,000 schools nationwide. They constitute less than one percent of the graduating secondary school seniors in the United States.

The Semifinalists show high promise for leadership in their adult careers, according to Edward C. Smith, president of the National Merit Scholarship Corporation (NMSC). "They have already demonstrated both high intellectual capacity and a readiness to develop their abilities," he said.

"These students deserve credit and honor. They bring honor to their families, who deserve much credit, as do their teachers and their communities. The future success of these young people will, however, depend upon their ability to become productive at the high intellectual levels that they are capable of attaining."

Semifinalists must advance to Finalist standing to be considered for the Merit Scholarships to be awarded next spring. Semifinalists become Finalists by receiving the endorsement of their schools, confirming their high PSAT-NMQT performance on a second examination, and providing information about their accomplishments and interests.

About 96 percent of the Semifinalists are expected to become Finalists, and each will be considered for one of the 1,000 National Merit \$1,000 Scholarships which are allocated on a state basis. Many will also be considered for the renewable four-year Merit Scholarships provided by some 600 corporations, foundations, colleges, unions, trusts, professional associations, other organizations, and individuals. Each Finalist will receive a Certificate of Merit in recognition of his outstanding performance in the program.

Winners of four-year Merit Scholarships may receive up to \$1,500 a year for four college years, depending on their individual need. Winners of the National Merit \$1,000 Scholarships will receive their nonrenewable one-time awards after they enroll as full-time students in accredited U.S. colleges or universities.

High school grades, accomplishments, leadership qualities, and extracurricular activities of the Finalists are evaluated, along with test scores, in selecting Merit Scholarship winners.

NMSC identifies the Semifinalists to all regionally accredited colleges and universities and to certain agencies that provide financial aid. Many of the Semifinalists receive financial aid from sources other than the Merit Program.

Names of the winners in the 1973 Merit Scholarship Program will be announced in the spring of 1973. Over 31,000 students have received Merit Scholarships in the seventeen annual programs to date.

DONNA BYRNE

(Echo staff photo by Marleen Maher)

SEUZENEAU'S STATUS

(Continued from page 1A)

attempted to explain the semantics involved to Ladner, pointing out the difference between "executive function" and "executive session". The dismissal, he stated, was according to the by-laws an executive function but the action did not come in an executive session. Dr. Smith as director, had admitted to the responsibility of an executive function, Levens told Ladner.

Vacillating to another tack, Ladner heatedly questioned the legality of the commission's right to hire and fire personnel without prior approval of the board. He wanted to make it clear that he felt the board of supervisors should have more control over the Port and Harbor, he said.

In the midst of his tirade, Ladner said his lack of faith in commission attorneys had led him to seek an opinion from the state attorney general. Pressed for details by Keller he became evasive and finally admitted that he had not written but had "talked to him

on the phone about it."

"You'll never get a verbal opinion from the attorney general," Keller told Ladner. A request for an opinion has to be written, he said, and admonished Ladner for being out of line by performing an individual action that should have come from the board.

A motion by Supervisor James Travira, seconded by H. (Bully) Zengarlino, to write the attorney general for an opinion precipitated another onslaught by Ladner who said, "why do we need to ask the attorney general when we have commission attorneys? If we don't use them we may as well fire them, too."

Commissioner Harris, who had remained silent to that point, got into the fray and severely rapped Ladner for "making public statements criticizing the commission in everything we've done...for nit-picking the director...for stating in the papers that you are against the commission and the director for running the Port and Harbor."

STATE AUDITOR...

(Continued from page 1A)

property or whatever, unless the improvement falls specifically within some statute adopted by the legislature.

It is widely reported, but only occasionally susceptible of proof by evidence accepted in the courts, that various firms and persons selling materials, equipment and repair services to counties include in their bid prices and invoiced prices enough to pay "commissions" to county supervisors on items purchased for county use. If and when such "commissions" are paid and accepted by the supervisor, it appears that they are simply bribes. Officials receiving them, upon conviction, are forever disqualified from holding any public office, and may be sentenced to as much as ten years in the penitentiary or fined as much as \$5,000, or both. The person offering or giving the bribe, upon conviction, may be sentenced to as much as ten years in the penitentiary or fined as much as \$1,000, or both.

It is also specifically in violation of both the State Constitution and the statutes for a member of a county board of supervisors to have a direct or indirect financial interest in any contract entered into by the board of which he is a member. Any purchase approved by a board or claim allowed by a board appears to be included under the legal definition of the word contract. There is a specific statutory exception which permits board members to serve as officers or directors of banks offering to qualify as county depositories, although this statute may be in conflict with Section 109 of the State Constitution.

The above paragraphs cover the questions which have been most frequently asked the State Auditor recently about the limitations on the authority of county boards of supervisors. They have a vast amount of legal discretionary power, but it is not unlimited, and for supervisors to expose themselves to possible financial loss or prison sentences or loss of privileges of a citizen would seem to be somewhat stupid. The best reason for a board employing legal counsel is to seek to live within the law, and consulting their attorney before taking any action about which a question of legality exists is always advisable, in my opinion.

Sincerely yours,
W. Hamp King
State Auditor

SODALITY MEETING

Monthly meeting of the Sodality of Our Lady of St. Clare's Parish, Waveland, will be held at 2 p.m., September 28 in Costello Hall.

All members are asked to attend.

"You've been a trouble maker from the beginning," Harris concluded.

Keller called for order and Levens asked if the board would like the commission to present the matter of Seuzeneau's dismissal in the form of a resolution, requesting ratification by the county.

The offer was accepted unanimously as well as the decision to table the matter pending an opinion from the attorney general and the Port and Harbor resolution.

In other board action Monday morning, the supervisors agreed to:

Call a public referendum November 7 for voters outside the municipalities to decide on whether or not the county will join the Gulf Regional District.

Authorize Civil Defense Director Lucien Kidd to submit project to the state Civil Defense office to secure a single sideband transceiver and antenna to establish the last link in CD communications.

Authorize the acceptance of bids on a new or used pickup truck to be used by Beat One.

On recommendation of the county Planning and Zoning Commission, accepted three more units of Diamondhead.

TURAN-LANE CHEVROLET, INC.

TOP-OF-THE-LINE '73 MONTE CARLO - Turan-Lane Chevrolet of Bay St. Louis will have an Open House today, Friday and Saturday showing the 1973 Chevrolets including the all new Monte Carlo. The all-new Monte Carlo, the flagship of the Chevrolet fleet, is among the most changed of all seven Chevrolet car lines in 1973, featuring beautifully sculptured side and rear-quarter metal, new grille, and an optional Landau or opera-type vinyl roof.

SCHUFFERT PONTIAC-BUICK-GMC, INC.

ALL-NEW LUXURY LEMANS - Schuffert Pontiac-Buick-GMC of Bay St. Louis is now showing their new 1973 Pontiacs, Buicks, GMC Trucks and Opels. The 1973 Luxury Lemans shows major styling changes. New twin grilles with a strong vertical motif flank hood extension which continues the split center theme of the front. The sculptured side view adds to the low sleek appearance. A rear side window on the two-door models is stationary.

HILLE OLDSMOBILE, INC.

1973 OLDSMOBILE OMEGA HATCHBACK COUPE - Hille Oldsmobile of Bay St. Louis will have an Open House today, Friday and Saturday showing the 1973 Oldsmobiles including their new car the Omega. The Omega will be offered in three body styles... a two-door coupe, a four-door sedan and a hatchback coupe. Interiors feature attractive hound's tooth cloth and vinyl seat trims.

CHARLIE HENDERSON FORD, INC.

LTD. FOUR-DOOR HARDTOP - Charlie Henderson Ford of Bay St. Louis will start Friday showing the 1973 Ford cars and trucks. Most changed Ford Division car for 1973 is the full-sized Ford. All-new sheet metal below the window line and a new segmented grille give the 1973 Ford a more formal look. All 1973 Fords have a new impact-absorbing bumper system, although the overall length of the car is increased only about one inch.

Division Opens Local Office

The Vocational Rehabilitation Division, State Department of Education, in early September opened in Bay St. Louis an office to serve disabled adults of Hancock county and part of Harrison county.

This was announced by John H. Webb, division director. The office is the center of Building No. 4, Colonial Plaza Complex, U.S. Highway 90, Bay St. Louis.

Counselor in charge of the office is James H. Ford, Jr., former counselor for Jasper and Wayne counties, with headquarters in Laurel.

Ford, a native of Meridian, was graduated from Meridian High School. He attended Mississippi College, Clinton, and obtained his bachelor of science degree from William Carey College, Hattiesburg, in 1965. He obtained his master's degree in community counseling from the University of Southern Mississippi, Hattiesburg.

A former social worker with the Lauderdale County Welfare department, Ford

served with the U.S. Army for three years, and was released in the rank of first lieutenant.

Ford joined the Vocational Rehabilitation staff in 1969 as a counselor with the Division program for inmates at State Penitentiary, Parchman. He later served as counselor for Wayne and Jasper counties with headquarters in Laurel.

He is married to the former Sandra Wade, of Fayetteville, N.C. They are the parents of a daughter, Misty, fifteen months.

Ford is a member of the National Rehabilitation association, the National Rehabilitation Counseling association, and the state chapters of both organizations.

Vocational Rehabilitation is a state-federal program which restores disabled young people and adults to independence. Provided are the services of counseling, evaluation, physical restoration, training, tools, and job placement and follow-up counseling.

BEVERLY S. HUTCHISON, daughter of Mr. & Mrs. Teddy Stechmann of Bay St. Louis, recently graduated from Mississippi College in Clinton with a Bachelor of Science degree in Accounting on August 18, 1972. Beverly and husband Danny are residents of Jackson, Miss., where she is employed in the Division of Finance and Statistics of the Mississippi State Department of Public Welfare.

Phone Pioneers Offer Help

The Gulf Sands Life Member Club of the Gulf Coast Pioneers of America presented a miniature Traffic Signal Light to the Jackson County School for Exceptional Children today. The signal works similar to a regular traffic signal and is to be used in teaching the children

safety, particularly in crossing streets. The light was designed and built by Mr. Frank Embrey of Bay St. Louis, Mr. N. F. Curet of Pass Christian and Mr. D. G. Swartwout of Biloxi.

Mr. M. Lee Jackson, Director of the Jackson County School For Exceptional Children and Mr. J. C. May of the Board of Supervisors accepted the equipment on behalf of the school and the county.

The Club also donated seven Manual Dexterity books which were made by the ladies of the club. They are used to teach the children how to use the zipper, buttons and tie their shoes as well as many other every day things that a child must learn to do.

The Pioneers are an organization composed of members who have at least twenty-one years service in the telephone industry. The Gulf Sands Life Member Club is composed of retired Pioneers.

GARDEN CLUB

Blue Jeans Garden Club met Monday afternoon in the home of Mrs. G.T. Moreau.

Mrs. Moreau offered the opening prayer and Mrs. Frank Klein Jr., president, conducted the business session. The annual social to be held in November was discussed and it was announced the Garden of the Month plaque for September was awarded to Mrs. Moreau.

Judging of flower entries was held and ribbons awarded to Mrs. K. T. Rheams in the miniature division; Mrs. Honorine Hughes, cultivated; Mrs. John Everard, dried; Mrs. J.C. Goodloe, horticulture; Mrs. Moreau, potted.

Mrs. Everard and Mrs. Monroe James will be hostesses for the October 10 meeting.

ST AUGUSTINE'S SEMINARY began the school year with 19 students. Of these nine have been recently recruited from the Coast and New Orleans. They attend classes at St. Stanislaus College. Father Alvin Dixon is their dean.

Local Doctor Named Diplomate Of ABFP

Charles J. Cox, M.D., of Bay St. Louis, has been named a diplomate of the American Board of Family Practice as a result of passing a certification examination administered under the aegis of the ABFP.

To achieve diplomate status, Dr. Cox, through an intensive two day written examination, proved his ability in the areas of internal medicine, surgery, obstetrics-gynecology, pediatrics, psychiatry, preventive medicine and other traditional specialties and now is certified in medicine's newest specialty—Family Practice. The doctors who have earned diplomate distinction are the vanguard of a new type of highly competent "people doctor," who accepts responsibility for the patient's total health care and serves as

the natural point of entry into the complex medical system. These specialists must continue to show proof of competency in the field of comprehensive, continuing care of the family by being re-certified every six years. No other specialty requires its diplomates to prove their competence on a continuing basis. To qualify for the examination doctors either have completed a 3-year family practice residency or been in family practice a minimum of six years and successfully completed 300 hours of postgraduate medical education.

The latest group of successful diplomates took the third examination offered by the ABFP. Most are members of the American Academy of Family Physicians, the national association of family doctors which is headquar-

tered in Kansas City. The AAFP is the organization chiefly responsible for securing specialty status for name to the American Family Practice in February, 1969. The organization which earlier was named the General Practice, changed its name to the American Academy of Family Physicians in October, 1971.

This Is Symphony Week!

Mayors of all coast cities have proclaimed September 12-22 Gulf Coast Symphony Orchestra Week. The formal signing of the Proclamation by six of the mayors was a highlight of the Membership Tea given by the ladies of the Symphony Guild at the home of Mrs. R.D. Portwood, Sr., of Gulfport, on September 12. Members of the Gulf Coast Symphony Orchestra Guild actively support the orchestra by sponsoring several fund raising projects each year, as well as selling season tickets for the concert series. Ladies from Bay St. Louis to

Pascagoula join together each month to work toward their goal of a successful concert season. The Membership Tea is held annually to recruit new members for the guild. This year a "Rhapsody in Roses Ball" will be held in the Crown Room of the Broadwater Beach Hotel on Saturday, October 7. The Gulf Coast Symphony Orchestra, under the direction of James Shannen, will open its tenth season October 21, at Ocean Springs High School. Tickets may be purchased at the door, or from any guild member.

PRC Plans Homecoming

According to Fred Henley, President of the Pearl River Junior College Alumni Association and principal of Picayune Memorial High School, the PRC Homecoming for 1972 will be Saturday, October 14. Henley listed the day's schedule beginning with the traditional parade through the business district of

Poplarville. The parade will leave the football field parking lot at 3 p.m. Other events will include an Open House from 4-6 p.m. in Marion Hall; the class reunion of the 1922 graduating class; the Alumni Association Banquet at 5:30 p.m. in the cafeteria; and the crowning of the 1972 Homecoming Queen at 7:45 p.m.

TAILBACK Dale Lolacano (49) goes in for the first Tiger touch down Friday night against the Pass Christian Pirates, Bay High blanked the Pass, 22-0.

Tigers Blank Pass Pirates

The Tigers of Bay High defeated the Pirates of Pass Christian by a score of 22-0 Friday night at Tiger Stadium in Bay St. Louis. This is the second straight year the Tigers have defeated the Pirates.

The Tigers took an 8-0 lead with 4:50 left in the first quarter, when tailback Dale Lolacano ran seven yards for a touchdown, and then made a two-point conversion on a three-yard run.

The final score of the game came with just 5 seconds left in the game when Bilbo hit Willie Thomas with a 26-yard pass for a touchdown. The extra point attempt failed and the Tigers had a 23-0 victory over non-conference Pass Christian.

Bay High is 1-1 for the season, they travel to Carriere Friday night to meet Pearl River Central.

Wildcats Trounce Warriors

The Pearl River Junior College Wildcats once again showing signs of being championship contenders, blasted the East Central Warriors of Decatur, 39-0 in Poplarville last Saturday night. Using a traditionally stunning offense, the Cats turned the Warriors every way but loose, in marking the second victory in three attempts this season.

The East Central team, members of the Northern Division of the JUCO league, entered the game with one win-one loss. But it took Pearl River only a few minutes to let the visitors from Decatur know that never would they

lose two games in a row. Taking the ball on the East Central 45, the Cats marched methodically down field. The opening play saw FB Craig Franklin ramble 11 yards and a first down. In fact the play worked so well that PRC tried it again, this time picking up 15 yard markers. Franklin, L.B. Bullock, and Ken Bufkin all carried the mail again before QB Charles Hutchins made the scamper around left end from six yards out.

L.B. Bullock of Petal turned in another fine performance stunning the crowd with two TD's of 29 and 34 yards by the way of Hutchins arm. Bullock could well be on his way to a state scoring title after

scoring 7 times in the first three contests.

Freshman back, J.W. Rawls, who alternates with Bullock, had made a very prestigious showing by scoring on runs of 30 and 36 yards. Rawls was the game's leading rusher with 113 yards on 10 tries.

The River scored its last six points on a ten yard strike from Hutchins to Aubrey Fleming in the fourth and final quarter.

Presently tied for third behind Jones and Gulf Coast, the Wildcats churned up a total of 438 yards to East Central's 148. Pointing again to the impressive job the Maroon and Gold did on defense. Eric Lymuel, Leland Spivey, Jim Brown, and Ken Bufkin all had interceptions.

Enjoying an open date this week, the Pearl River Bunch will now start preparing for archrival Gulf Coast, or better known as Perk. The game will be played on the PRC campus September 30 starting at 8 p.m.

Tiger 'B' Team

Beats St. Martin

Bay High 'B' team tangled with St. Martin's 'B' team Monday night at St. Martin and came out on top by a score of 21-6.

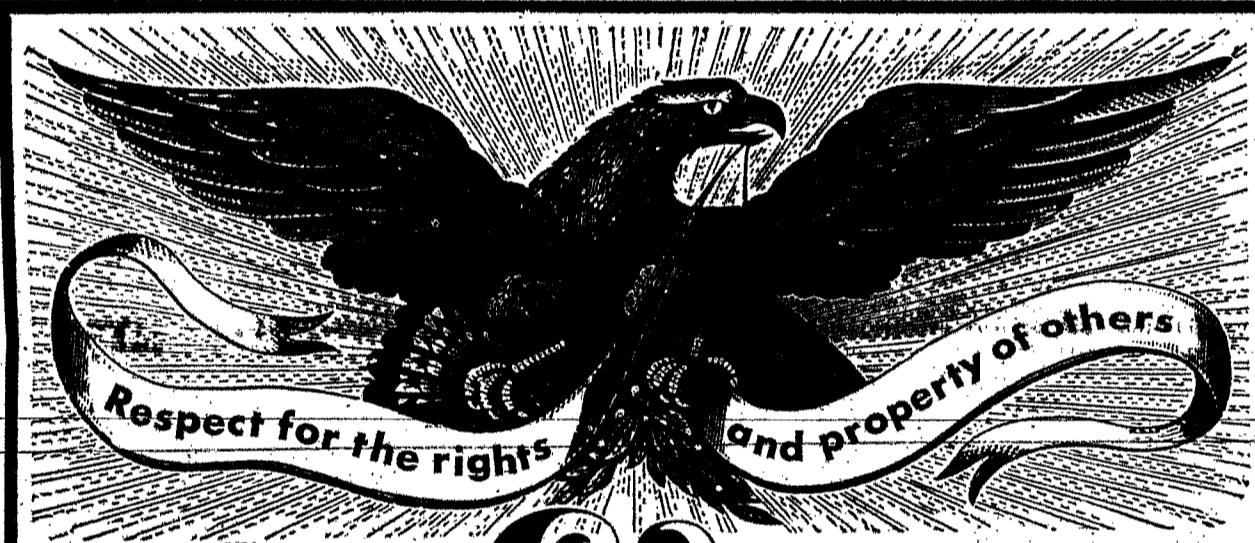

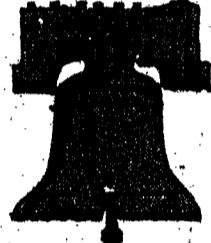

St. Martin took a 6-0 lead into the dressing room at half time. The Bay Tigers got their first score of the game with four minutes left in the third quarter when David Grace took a handoff from quarterback Mike Magee at the St. Martin seven-yard-line and went in for the touchdown. The point after was no good. With just two minutes gone

in the fourth quarter, the Tigers put another six points on the board when Herbert Sills plunged over the goal line from one yard out. The touchdown was set up on a 35-yard keeper play by quarterback Magee. The Tigers went for a two point conversion and made it on a pass from Magee to Irvin Hawkins.

Joey Smith scored the third TD of the game for the Tigers on a 31-yard pass play from Magee with four minutes left in the game. The extra point attempt from placement by Magee was good to make the score 21-6.

"The God who gave us life, gave us Liberty at the same time"

Thomas Jefferson

LAW & ORDER

...one of the main foundation blocks upon which this country was built

Law and order are just what they say. Laws by which society is governed. Order in our lives—that order that comes from universal recognition of guidelines so necessary to the preservation of sanity in a pressure-cooker world.

"Law and Order" is a perfectly good choice of words which describes one of the main foundation blocks upon which this country was built. Without law and order the foundation of any society will crack and then shatter, and a nation will be crushed beneath the rubble.

If each person today will dedicate himself to the re-establishing of respect for the law, respect for authority, RESPECT FOR THE RIGHTS AND PROPERTY OF OTHERS, we will have taken the first step, on the road back to sanity in our society.

The road is admittedly long—but it leads to freedom from fear and a full enjoyment of life. For these goals, no road is too long.

Rocks Crush Kehoe Academy

Friday night the St. Stanislaus Rock-A-Chaws ran roughshod over the Shamrocks of Kehoe Academy, New Orleans, by a score of 44-18. The Rock-A-Chaws scored in every quarter.

The first score came after Stanislaus recovered a Kehoe fumble on the Shamrocks' 21-yard-line. Rick Kergosien took a handoff from quarterback Lance Oustalet on the three and ran it for the touchdown. The extra point attempt by Maury Wingo was no good, leaving the score at 6-0.

Wingo kicked off for the Rocks but the Shamrocks were unable to penetrate the Rocks' defense and the Shamrocks had to punt to Stanislaus where they took over on their own 20-yard-line. On the first play Denny Levert picked up three yards. On the next play Kergosien took a handoff from Oustalet and scampered 77 yards for the Rocks' second score of the game. Wingo's Placement kick for the extra point was good making the score 13-0.

On the following kickoff the Shamrocks took over on their own 16-yard-line. On the second play from scrimmage Mike Davis, Kehoe quarterback, attempted a pass but was hit before he could get rid of the ball and fumbled. Roland Hymel of the Rocks fell on the ball at the Shamrocks 9-yard-line. The Rocks were penalized five yards for delay of the game putting the ball on Kehoe's 14-yard-line. On the first play from scrimmage, quarterback Dewey Hoda pitched out to Earl Godfrey who took the ball in for the Rocks' third touchdown. Extra point attempt was no good. Score Stanislaus 19, Kehoe 0.

Tim Starkey took the ensuing kickoff on his own goal line and returned it to the Shamrocks 24-yard-line. After three plays the Shamrocks picked up 15 yards with the quarter ending. Shamrocks on their own 39-yard-line. The Shamrocks were unable to move the ball and were forced to punt. The Rocks were penalized 15 yards for roughing the kicker and the Shamrocks still had control of the ball on the Rocks' 41-yard-line. After a pass good for 21 yards, the Shamrocks were on the Rocks' 20-yard-line. Three plays later the Shamrocks got on the scoreboard for the first time on a hand-off from Davis to Scott Burely from two yards out. The extra point attempt was blocked. With 7:25 to go in the second quarter the score was 19-6.

With 4:39 to go in the second quarter Kergosien scored his third touchdown of the game going 48 yards after a pitchout

from quarterback Hoda. Wingo's point after attempt was good making the score 26-6.

With a little over two minutes to go in the first half Steve Calamari recovered a fumble on the Shamrock 13. It took just two plays for the Rocks to put another six points on the scoreboard. Kergosien scored his fourth TD of the game, taking a handoff from Hoda and going 10 yards for the TD. Wingo's extra point attempt was no good.

The first half ended with the Rocks leading by a score of 32-6.

Stanislaus took the kickoff to start the third quarter and returned it to their own 25. Art Scarfe took over as quarterback for the Rocks and on fourth down and one yard to go, he handed off to Monnie Elchos who was hit hard and fumbled on the Rocks' 49 yard line. The Shamrocks took over at this point and four plays later quarterback Davis on a keeper scampered 40 yards for the Shamrocks second score of the game. Extra point attempt by Davis was blocked, making the score 32-12, with 7:08 remaining in the third quarter.

After taking the following kickoff the Rocks were unable to move the ball and had to punt. The Shamrocks returned the punt to the Rocks 20-yard-line. After getting a first down on the Rocks' 10, the Shamrocks needed only two plays to put their third score on the board. Davis handed off

to Burely who plunged three yards for the TD. Davis attempted a two point conversion which failed.

With 3:02 left in the third quarter the score was 32-18. After taking the kickoff the Rocks needed only five plays to put another six points on the board. The score came on a 20-yard pass from Oustalet to Phillip Barbara. The extra point attempt failed and with 58 seconds left in the third quarter the score had now jumped to 38-18.

In the fourth quarter, the Shamrocks moved the ball to the Rocks' 19. On fourth down and six yards to go Davis threw a pass intended for Charles Ferrara but Johnny Knight of the Rocks stepped in and intercepted the pass.

Stanislaus was unable to move the ball and once again Oustalet had to punt. Starkey took the ball on the Rocks' 47 and was hit hard and fumbled, Godfrey recovering for the Rocks. The Rocks were once again unable to move the ball and Oustalet had to punt.

The Shamrocks took over on their own 19 and on three plays they moved the ball to their 30. Unable to move the ball any further the Shamrocks went into a punt formation. Burely faked a punt and ran the ball hoping to make a first down but he could get no further than the line of scrimmage, giving the ball to the Rocks on the Shamrocks' 30.

On the first play of the series the Rocks were penalized with 15 yards for clipping, moving

the ball back to the Shamrocks' 45. On the next play Kergosien took a handoff from Hoda and scampered 45 yards for his fifth TD of the game. The extra point attempt failed.

With nine seconds to go in the game the Rocks kicked off to the Shamrocks. Starkey took the ball on his 10-yard-line and returned it to his 40 where he was brought down, and the game ended.

Final score Stanislaus 44, Kehoe 18. Stanislaus, with a 1-1 record will host the Harrison Central Rebels Friday night at 7:30 at Rock-A-Chaw Stadium.

Hawks Beaten By East Central

The Hancock North Central Hawks were handed their first Pascagoula River Conference defeat by the East Central Hornets at Wade-Hurley Stadium by a 25-20 score.

After a pretty even scoreless first quarter, the Hornets scored on the first play of the second quarter when Alfred Simmons plunged over from the one-yard-line on a drive that started on the Hornets 49-yard-line. David Nelson kicked the extra point to give East Central a 7-0 lead. Ricky Randall passed 14 yards to Ernest Keyes for a Hawk score with only 20 seconds remaining in the second quarter. The extra point attempt failed and East Central went to the dressing room with a 7-6 lead.

North Central took the lead in the game mid-way of the third quarter when Randall hit Keyes with a 29-yard touchdown pass. The Hawks made good on a two-point conversion making the score 14-7.

Gregory Simmons scored from two yards out for East Central to end a 60-yard drive. The extra point attempt failed and North Central had a 14-13 lead with a little less than two minutes left in the third quarter.

With less than a minute gone in the fourth quarter, the Hawks scored again on a pass from Randall to Dallas Clark. The extra point attempt failed and the Hawks had a 20-13 lead.

East Central scored two touchdowns in the fourth quarter to win the game.

Quarterback Leon Lambert hit end Wayne Hudson with a 50-yard scoring strike. The extra point attempt failed and the Hawks held a slim 20-19 lead.

With just 31 seconds left in the game East Central recovered a Hawk fumble. Lambert passed 23 yards to David Nelson for the winning score.

North Central is now 1-1 for the season. Friday night they will be at home against Our Lady of Victories from Pascagoula.

437 MAIN ST.

BAY ST. LOUIS

It's 1973, and Chevrolet roofs are opening, seats are swiveling, bumpers are retracting, hatches are flipping up.

Did you ever have so much to talk about that you didn't know what to say first?

We're happy to report that's us for 1973. But since everything must begin somewhere...

Isn't it romantic?

You see that rectangle beaming at you from above? That's a moon-roof. Not to be confused with a sunroof. (Although many people will undoubtedly be caught using it like one.) A power roof is available on Chevelle and Monte Carlo; a manual one on Nova.

Bumpers are exciting?

This year's are something to get

stirred up about. One of our new bumpers, for example, is built around twin hydraulic cylinders. So on minor impact, the whole system retracts to cushion the shock.

It's standard on all big Chevrolet, Chevelle and Monte Carlo

New Malibu Colorado Hardtop Coupe.

models. Nineteen different models to choose from.

New Nova Hatchback Coupe.

Look what we hatched

You know us for our little Vega Hatchback. Now dependable Nova has one. Which literally makes it half trunk with the backseat down. It's a feature as practical as Nova itself.

We've been thinking about your legs

One of the few things people asked us to improve in our popular Chevelle was leg room in the backseat. Well, your knees will be pleased with the '73s. There's almost 3 1/2 more inches in the sedans.

So what else is new

Naturally this is only a taste of what's new for '73.

Among other things, we're introducing larger gas tanks for longer cruising range, a new Exhaust Gas Recirculation system, a hatchback for wagons, and a highly refined flow-through power ventilation system.

Plus a reading light for front seat passengers, improved suspension systems, engines that give you performance combined with gas economy, reclining seats and scores of dramatic styling changes.

We invite you to see it all at your Chevrolet dealer's.

Building a better way to see the U.S.A.

NOTICE OF SUBSTITUTED TRUSTEE'S SALE

By virtue of the authority vested in me as Substituted Trustee in that certain deed of trust given to W.B. Leedy & Company, Inc. Beneficiary, Henry Beach Trustee, by George W. Goodwin and Phyllis Goodwin dated November 23, 1965, and recorded in Book 111 at Page 373 of the Records of Deeds of Trust of Hancock County, Mississippi, which instrument and the indebtedness secured thereby were transferred to Teachers Insurance & Annuity Association of America by assignment dated November 29, 1966 and recorded in Book 111 at Page 377 of the Records of Deeds of Trust of Hancock County, Mississippi, and default having been made in the payment of the said indebtedness and in accordance with the terms of the said deed of trust, I will on the 2nd day of October, 1972, within legal hours at the Front Door of the County Courthouse of Hancock County, Mississippi, sell to the highest bidder for cash, the following described property:

Commencing at the Southeast corner of Lot 17, First Ward, City of Bay St. Louis, Mississippi; thence N 70 degrees W 55 feet to an iron stake set as the place of beginning; thence Northwesterly on a line parallel to the line between Lots 13 & 14, Paradise Point Subdivision, First Ward, Bay St. Louis, Mississippi, 187 feet to an iron stake set on the Southern line of Paradise Point Drive; thence Southwesterly along the aforesaid Southern line of Paradise Drive 58 feet to an iron stake; thence Southerly on a line parallel to the line between Lots 14 & 15, Paradise Point Subdivision, 117.5 feet to an iron stake set on the aforesaid Southern line of Lot 17, First Ward; thence S 70 degrees E along the aforesaid Southern line of Lot 17, First Ward, 130 feet to the place of beginning. Said land being part of Lots 14 and 15, Paradise Point Subdivision, First Ward, City of Bay St. Louis, Hancock County, Mississippi.

I will convey only such title to the above property as is vested in me as Substituted Trustee.

Signed, posted and published, this 7th day of September, 1972.

ERNEST G. MARTIN, JR.
Substituted Trustee
My Substitution is dated July 31, 1972 and is presently filed for record in Book 163 at Page 467 of the Records of Deeds of Trust of Hancock County, Mississippi.

NOTICE OF SALE

WHEREAS, on December 8, 1965, Ernest W. Thomas and wife, Clara Lee Thomas executed a Deed of Trust to O. B. Taylor, Jr., Trustee for Kimbrough Investment Company, which Deed of Trust is recorded in Deed of Trust Book 118 at Pages 81-4, in the office of the Chancery Clerk of Hancock County, Mississippi, and which Deed of Trust and the indebtedness secured thereby were assumed by Earl C. Wentworth, Jr., and wife, Lisa Wentworth, under the terms of Warranty Deed dated May 25, 1971, recorded in Deed Book W 7, Page 69 of the aforesaid records, and

WHEREAS, the said Deed of Trust and the indebtedness secured thereby were assigned by Kimbrough Investment Company to the Federal National Mortgage Association, by instrument dated January 25, 1967, recorded in Deed of Trust Book 118, at Page 345 of the aforesaid records, and

WHEREAS, the said Deed of Trust authorizes the appointment and substitution of another Trustee in the place of the Trustee named therein and Federal National Mortgage Association, the holder of the Note and Deed of Trust as aforesaid, appointed and substituted Charles K. Pringle as Trustee therein in the place of O. B. Taylor, Jr., by instrument dated August 8, 1972, recorded in Deed of Trust Book 163, at Page 412 of the aforesaid records, as was its right to do, and

WHEREAS, default having been made in the payment of the indebtedness secured by said Deed of Trust which default has continued for a period of time necessary for the holder to declare the entire unpaid balance immediately due and payable and Federal National Mortgage Association, the holder of the Note and Deed of Trust as aforesaid, having requested and directed the undersigned Substituted Trustee so to do, I will, on the 22nd day of September, 1972, offer for sale at public outcry and sell during legal hours, being between the hours of 11:00 A. M. and 4:00 P. M. at the main front door of the County Courthouse for Hancock County at Bay St. Louis, Mississippi, for cash, to the highest and best bidder, the following described land and property lying and being situated in Hancock County, Mississippi, to-wit:

Lot 2, Block 2, Spanish Acres Estates Subdivision to the County of Hancock, State of Mississippi, as per map or plat thereof on file and of record in the Office of the Chancery Clerk of Hancock County, Mississippi, in Plat Book 3, Page 31.

I will convey only such title as is vested in me as Substituted Trustee.

WITNESS my signature this 26th day of August, 1972.

ADVERTISEMENT FOR BIDS

EDA PROJECT NO. 04-1-00779
CONTACT NO. E-8A

Sealed bids will be received by the Hancock County Port and Harbor Commission on behalf of the Board of Supervisors of Hancock County, Mississippi for construction of BARGE WHARF AND APPURTENANCES at the office of the Hancock County Port and Harbor Commission, Highway 603, Adjacent to Ramada Inn, Bay St. Louis-Waveland, Mississippi, until 2:00 p.m., Central Daylight Time, September 26, 1972 at which time and place bids will be publicly opened and read aloud, unless time shall be extended by addendum issued to bidders.

The work consists of furnishing all labor, tools, equipment, materials and performing all work in accordance with the Specifications and Contract Drawings as set forth in the above Contract for construction of steel sheet pile bulkhead with concrete cap and tieback system; placing compacted shell and sand fill materials behind bulkhead; constructing concrete retaining wall; excavating for installation of service road, railroad spur, paved parking area, and drainage system; installing drainage structures, railroad spur, service road, paved parking area, sewer line, and water mains; placing sand surcharge over filled area behind bulkhead; general site development; and site grading in the West Hancock County Harbor and Industrial Area.

Copies of all Contract Documents, Drawings and Specifications, as prepared by Fromherz Engineers, 1539 Jackson Avenue, New Orleans, Louisiana, may be examined and obtained at the office of Hancock County Port and Harbor Commission, or at the office of Fromherz Engineers, 1539 Jackson Avenue, New Orleans, Louisiana, upon payment of \$15.00 per set which is not refundable.

Bids submitted shall be on the prescribed forms furnished. Bids shall be in accordance with the "Information for Bidders" and shall be filed with the Director, Hancock County Port and Harbor Commission, at the address shown above. Each bidder must deposit with his bid security in the form of a Bid Bond or Certified Check in an amount equal to at least five percent (5 per cent) of the Total Base Bid. No bidder may withdraw his bid within thirty (30) days after the actual date of opening thereof.

The Hancock County Port and Harbor Commission and Hancock County Board of Supervisors reserve the right to waive any informalities, or to reject any and all bids.

Attention of bidders is directed to the requirements as to conditions of employment to be observed and minimum wage rates to be paid under the contract.

All bidders must be licensed by the Mississippi State Board of Public Contractors and the bidder's License Number and Certificate of Responsibility Number shall be indicated on the outside of the envelope. No bid will be opened unless the Contractor is so licensed and the envelope is so marked.

KANTCHA KETCHUM

By L.S. (Dej) Elliott

The weather has been taking on a fall atmosphere lately. Fall weather will be welcomed by both hunters and fishermen. Been plenty hot up to now. Fishermen will go to under water baits from now on although fly fishermen will still use surface baits for catching bass and perch up until December and January when the weather is warm.

Understand big croakers are being caught most anywhere along the seawall down to Cedar Point and all the way to Bayou Caddy. The world series of baseball is not far off and it is a tradition that big croakers, we mean those weighing 2 to 2½ pounds, will be caught at the croaker hole just on the upper side of the L&N R.R. Bridge at Campbell's Upper Bayou. If you haven't a boat one can be rented from Lafrance's Fishing camp at Ansley. Don't overlook the fact that Green Trout (Bass) can also be caught in this area the year round.

Speckle Trout are also caught in the Pipe Line Canal, Upper and Outside Campbell's Bayou by trolling and casting with the shad rig and artificial baits such as the Merlion, etc. Of course live shrimp and other live baits are very effective.

A lot of our local hunters hunt in Louisiana is why we are publishing this announcement.

Richard K. Yancy, assistant director, Louisiana Wild Life and Fisheries Commission, today reminded hunters that the special nine day teal

SPORTSMAN OF THE WEEK

George Hammer, one of our local sportsmen, Don't know why the shovel unless it is to dig for worms for fishing. George doesn't do much fishing but is tops when it comes to eating them.

season will begin at sunrise on Friday, September 22 and close at sunset, Saturday, September 30.

"Federal regulations have prevented the commission from extending this season into October. This is why it will open on Friday and will close on a Saturday. This is the only way we could secure the latest dates when the largest concentrations of teal will be in the state," Yancy added.

Daily bag limits will be four with eight in possession after opening day. These will include blue-winged and green-winged teal only.

Shooting hours will be from sunrise to sunset. Hunters are also reminded that they must have in their possession a valid 1972 Federal Migratory Waterfowl stamp along with a current state hunting license. No special federal teal permit is required this season.

There are two species of teal ducks, the Green-winged Teal and the Blue winged Teal. Both are fast flying birds and their wheeling and turning in unison make them hard to hit. Their nests are in high grass, usually near water.

Asa Lafontaine who has knitted landing nets, cast nets, etc. for local fishermen for years says his age has caught up with him. Don't do much knitting now. He is still a good sportsman and has made plenty sportsmen happy with his work.

Will Astor who does grass cutting has been out of business for a couple of weeks. Astor while bathing with his grandchildren was hit by a stringray. He is O.K. now and back on the job. It was a painful ordeal he said.

Hoke Ogden, Harry Roman and Louis Decell went fishing last week - caught some speckles and a big red fish. Louis caught the red fish which gave him a hard time.

John Ploue an ardent fisherman, claims he has been too busy to go after them.

Jim Mayfield can tell some interesting stories about the fish, frogs, etc. he has been catching. Jim is also a hunter. Waiting for the seasons to open.

Uncle Bud Sailer, Tut Monti and Pat Garcia on their last fishing trip caught some nice red fish, croakers, etc. They are all real fishermen and don't come home empty handed.

Bob Von Ehren and Ben Mutter make a good fishing two-some. If there is fish about they will get their share. Caught some nice fresh water cat fish on their last trip.

Gene Davis the other day. Said he don't go fishing or camping like he used to. A good trip will cure what ails you, Gene.

Edwin A. Remy, retired supervisor of Drainage Stations Operations for the N. O. Sewerage and Water Board who is retired and now living at Pearlinton, Miss. is an ardent fisherman. He tried fishing in the lower Pearl River and the Rigolets with very little luck (mostly because he didn't know where to go.) finally made a trip to Little Timbalier Island in Louisiana with his oldest son-in-law who caught the largest trout a 4½ pounder and his son, Joey. They made a total catch of 200 lbs. of trout, and about 15 flounders. The trout averaged 2½ pounds. Mr. Remy's friends had a feast eating fish and are waiting for him to go again before the season closes.

Speckle trout are being caught in Pearl River. Trolling for them is paying off right now. They are also taking live bait.

Green trout fishing is at its best in the Pearl River area. Should be perfect for the next week with normal low falling tides mostly all day. They are being caught on the fly and casting rods, and hitting surface baits best. Among those catching them over the weekend - were: Alden Mauffray, Arthur Miller, John Scaifde, Sr., Dec Elliott, August Rauxet and the Brothers from St. Stanislaus. All old timers at getting them. Fly fishing is an art and a lot of fun when the fish are biting. Not unusual to catch a few speckles on the fly rod.

Still no reports of many

doves being killed. Must be too hot for them. There is two more segments of the dove season to come however.

Hard crabs are being caught but they are on the skinny side. The full of the moon is the best time for catching hard crabs.

Johnny Legredre, Bill Karl and Hoke Ogden make a good fishing three-some. They go pretty often and bring home some kind of fish. Keeps trying fellows.

Local hunters are looking forward to the opening of the rabbit and squirrel seasons which will open soon. Both seem to be plentiful in our woods. More on this later.

Trolling for bass and speckles will start soon. Both will hit under-water baits when the weather gets colder. There are hundreds of different baits. Use the one of your choice. Don't think the fish know the difference. A shad rig is my choice for catching speckles. If they won't hit just the shad rig try using a small piece of shrimp on each hook. It will help we are told.

If you can get a copy of the Louisiana Conservationist or the Miss. Game and Fish Commission, publication you will find some interesting reading and even the 1972-73 hunting seasons.

U.S. Savings Bonds help keep today's plans from becoming tomorrow's broken dreams.

Edwin A. Remy, retired supervisor of Drainage Stations Operations for the N. O. Sewerage and Water Board who is retired and now living at Pearlinton, Miss. is an ardent fisherman. He tried fishing in the lower Pearl River and the Rigolets with very little luck (mostly because he didn't know where to go.) finally made a trip to Little Timbalier Island in Louisiana with his oldest son-in-law who caught the largest trout a 4½ pounder and his son, Joey. They made a total catch of 200 lbs. of trout, and about 15 flounders. The trout averaged 2½ pounds. Mr. Remy's friends had a feast eating fish and are waiting for him to go again before the season closes.

Mr. Remy's friends had a feast eating fish and are waiting for him to go again before the season closes.

Speckle trout are being caught in Pearl River. Trolling for them is paying off right now. They are also taking live bait.

Green trout fishing is at its best in the Pearl River area. Should be perfect for the next week with normal low falling tides mostly all day. They are being caught on the fly and casting rods, and hitting surface baits best. Among those catching them over the weekend - were: Alden Mauffray, Arthur Miller, John Scaifde, Sr., Dec Elliott, August Rauxet and the Brothers from St. Stanislaus. All old timers at getting them. Fly fishing is an art and a lot of fun when the fish are biting. Not unusual to catch a few speckles on the fly rod.

Still no reports of many

BELL'S BOWRETTES-Kneeling (L-R) Sheila Smith, Debra Joe Williams, Patricia Lewis, Beth Collins, and Gwendolyn Saucier; kneeling Center, Shirley Tillman; standing (L-R) Coach Sullivan Bell, Laverne Whavers, Jean Bell, Irene Laneaux, Cheryl Walker, Captain Evelyn Curry, and Deloris Peters. Not pictured are Papose Saucier, Mary Whavers, and Myra Smith.

Bowretts Have Winning Season

Bell's Bowretts Ladies Slow Pitch Softball City Champs in league play and playoff, ended their season by winning Moran's Invitational Tournament. The Bowretts finished the season with a 51-5 win-loss record.

Other accomplishments by the Bowretts were as follows: capturing first place honors in Ladner's Friendly Inn Tournament, Benfit Tournament for Margie Fricke, Snack Bar Invitational, and second place in Ladner's summer opening for women.

Team effort was praised by Coach Sullivan Bell. Leading

the team in hitting and home runs was Cheryl Walker. Walker finished the season with 13 home runs, followed by Debra Joe Williams with six. Leading in the pitching area were Jean Bell with a 51-5 win-loss record, and Debra Joe Williams with a 2-0 win-loss record. Bell also credits outstanding play to captain Evelyn Curry, Sheila, and Myra Smith, Shirley Tillman, Papose Saucier, Patricia Lewis, and Laverne Whavers: "The team is looking forward to it's next softball season, and thanks its fans for the great support this past season," said Bell.

Other accomplishments by the Bowretts were as follows: capturing first place honors in Ladner's Friendly Inn Tournament, Benfit Tournament for Margie Fricke, Snack Bar Invitational, and second place in Ladner's summer opening for women.

4 - H Club Holds Meeting

Waveland 4-Hers met Thursday afternoon at Waveland United Methodist Church with their leaders Mrs. Maurice George and assistant leaders Mrs. Henry Siller and Mrs. Norma Fucich. Robin Garcia conducted the business session and Debbie Ladner offered the devotion.

Officers elected for the coming year were: Susan Stoufflet, president; April Barnard, vice president; Valerie Young, secretary; Jan Bourgeois, reporter; Gloria

Calamari, historian; Lisa Stoufflet, Robin Garcia and Donna Bielestein, recreation chairmen, and Lori Voss, program chairman.

Outgoing president Robin Garcia was presented a pin from the club in appreciation of her outstanding work during the year. The presentation was made by Sherri Voss.

The county fair, scheduled for October 20 through November 4, was discussed and members were asked to enter in the various categories.

STATE OF MISSISSIPPI COUNTY OF HANCOCK NOTICE OF TRUSTEE'S SALE

WHEREAS, ON THE 24th day of June, 1967, Franklin Mathews and wife, Jean S. Mathews, executed a deed of trust to J. Ruble Griffin, Trustee, to secure an indebtedness therein mentioned to Hershell N. Anderson and wife, Estelle B. Anderson, which deed of trust is duly recorded in Vol. 120, pages 375-376, Records of Mortgages and Deeds of Trust on Land, Hancock County, Mississippi, and

WHEREAS, default having been made in the payment of said indebtedness and the said Hershell N. Anderson and wife, Estelle B. Anderson, the legal holders of said indebtedness, having requested the undersigned trustee to foreclose on said deed of trust for the purpose of paying said indebtedness and costs;

NOW THEREFORE, I will, on the 10th day of October, 1972, within legal hours, offer for sale and sell to the highest bidder for cash at the front door of the Hancock County Court House in Bay St. Louis, Mississippi, the following described real property located in Hancock County, Mississippi, and more particularly described as follows, to-wit:

Lot 21, Block J, BELLE ISLE SUBDIVISION, Hancock County, Mississippi, according to the official plat of said subdivision on file and of record in the office of the Clerk of the Chancery Court of Hancock County, Mississippi. Together with all and singular, the rights, privileges, improvements and appurtenances to the same belonging or in any wise appertaining.

I will convey only such title as is vested in me, as Trustee. ADVERTISED, POSTED AND DATED, this 14th day of September, A.D., 1972. J. RUBLE GRIFFIN, TRUSTEE

9-14,9-21,9-28,10-5-72
NOTICE OF PROPOSED FEDERAL AID SECONDARY PROJECT NO. 8-004(7) B FENTON ROAD HANCOCK COUNTY

The Hancock County Board of Supervisors proposes to improve a section of the Fenton Road in Hancock County, which is on Federal Aid Secondary Route No. 104. This proposed construction project consists of 2.9 miles of Grading, Construction of Drainage Structures, Base Course and Bituminous Paving, and will be administered as a Federal Secondary Project under the State Aid Road Program.

The proposed project begins at Bayou Latere in Section 37, T8S, R14W and extends generally easterly along FAS Route 104 to the Hancock-Harrison County Line at the E. Line of Section 24, T8S, R14W.

All interested persons are hereby advised that an approved "Negative Declaration Relative to Environmental Impact" is on file and available at the offices of the State Aid Engineer in the United Gas Building, 151 East Griffith Street, P.O. Box 1650, Jackson, Mississippi.

A "Location and Design Report" has been prepared by the County Engineer, Mr. Lawrence L. Seal, of Picaune, Mississippi, and a copy of same submitted to the State Aid Engineer for his review. At a later date, a Notice will be published in this newspaper setting out the action taken as a result of his review.

All interested persons desiring a public hearing on the location and design of the project must write to both the Hancock County Board of Supervisors, c/o the Chancery Court House in Bay St. Louis, Mississippi, and to the State Aid Engineer at his office previously listed on or before October 12, 1972 setting forth the reasons for desiring such a hearing.

In the event a request for a public hearing is received, a further Notice will be published specifying the date, time, and place of the hearing.

NOTICE OF SUBSTITUTED TRUSTEE'S SALE

By virtue of the authority vested in me as Substituted Trustee in that certain deed of trust given to W.B. Leedy & Company, Inc. Beneficiary, Henry Beach Trustee, by George W. Goodwin and Phyllis Goodwin dated November 23, 1965, and recorded in Book 111 at Page 373 of the Records of Deeds of Trust of Hancock County, Mississippi, which instrument and the indebtedness secured thereby were transferred to Teachers Insurance & Annuity Association of America by assignment dated November 29, 1965 and recorded in Book 111 at Page 377 of the Records of Deeds of Trust of Hancock County, Mississippi, and default having been made in the payment of the said indebtedness and in accordance with the terms of the said deed of trust, I will on the 2nd day of October, 1972, within legal hours at the Front Door of the County Courthouse of Hancock County, Mississippi, sell to the highest bidder for cash, the following described property:

Commencing at the Southeast corner of Lot 17, First Ward, City of Bay St. Louis, Mississippi; thence N 70 degrees W 55 feet to an iron stake set as the place of beginning; thence Northwesterly on a line parallel to the line between Lots 13 & 14, Paradise Point Subdivision, First Ward, Bay St. Louis, Mississippi, 187 feet to an iron stake set on the Southern line of Paradise Point Drive; thence Southwesterly along the aforesaid Southern line of Paradise Drive 55 feet to an iron stake; thence Southerly on a line parallel to the line between Lots 14 & 15, Paradise Point Subdivision, 117.5 feet to an iron stake set on the aforesaid Southern line of Lot 17, First Ward; thence S 70 degrees E along the aforesaid Southern line of Lot 17, First Ward, 130 feet to the place of beginning. Said land being part of Lots 14 and 15, Paradise Point Subdivision, First Ward, City of Bay St. Louis, Hancock County, Mississippi.

I will convey only such title to the above property as is vested in me as Substituted Trustee.

Signed, posted and published, this 7th day of September, 1972.
ERNEST G. MARTIN, JR. Substituted Trustee
My Substitution is dated July 31, 1972 and is presently filed for record in Book 163 at Page 467 of the Records of Deeds of Trust of Hancock County, Mississippi.

ED A PROJECT NO. 04-1-00779 CONTRACT NO. E-03

Sealed bids will be received by the Hancock County Port and Harbor Commission on behalf of the Board of Supervisors of Hancock County, Mississippi for construction of a WAREHOUSE AND OPEN STORAGE FACILITY at the office of the Hancock County Port and Harbor Commission, Highway 603, adjacent to Ramada Inn, Bay St. Louis, Waveland, Mississippi, until 2 p.m. on September 20, 1972, Central Daylight Time, at which time and place bids will be publicly opened and read aloud, unless time shall be extended by addendum issued to bidders.

The work consists of furnishing all labor, tools, equipment, materials and performing all work in accordance with the Specifications and Contract Documents as set forth in the above contract for removal of sand surcharge from dock area; excavation for building foundation; filling, grading and compaction of earth under concrete slabs and shell surface; placing concrete foundations, and floor slabs for dock, warehouse and ramps; placing compacted shell surface for open storage area; construction of warehouse building; installing electrical power; and final site grading in the West Hancock County Harbor and Industrial Area.

Copies of all Contract Documents, Drawings and Specifications, as prepared by Fromherz Engineers, 1539 Jackson Avenue, New Orleans, Louisiana may be examined and obtained at the office of Hancock County Port and Harbor Commission, Highway 603, adjacent to Ramada Inn, Bay St. Louis - Waveland - Mississippi, or at the office of Fromherz Engineers, 1539 Jackson Avenue, New Orleans, Louisiana, upon payment of \$15.00 per set which is not refundable.

Bids submitted shall be on the prescribed forms furnished. Bids shall be in accordance with the "Information for Bidders" and shall be filed with the Director, Hancock County Port and Harbor Commission, at the address shown above. Each bidder must deposit with his bid, security in the form of a Bid Bond or Certified Check in an amount equal to at least five percent (5) of the Total Base Bid. No bidder may withdraw his bid within thirty (30) days after the actual date of opening thereof.

The Hancock County Port and Harbor Commission and Hancock County Board of Supervisors reserve the right to waive any informalities, or to reject any and all bids. Attention of bidders is particularly called to the requirements as to conditions of employment to be observed and minimum wage rates to be paid under the contract. All bidders must be licensed by the Mississippi State Board of Public Contractors and the bidder's License Number and Certificate of Responsibility Number shall be indicated on the outside of the envelope. No bid will be opened unless the Contractor is so licensed and the envelope is so marked.

NOTICE

WHEREAS, the Board of Supervisors of Hancock County, Mississippi, has by its order declared its intention to levy an Ad Valorem Tax of 1/2 mill on all taxable property within the county for the purpose of operating a garbage and rubbish disposal district, and more specifically, a sanitary land fill.

NOW, THEREFORE, the Board of Supervisors of Hancock County, Mississippi, will on September 29, 1972 levy an Ad Valorem Tax of 1/2 mill on all taxable property within the county for the operation of a garbage and rubbish disposal district, the whole county comprising the district, and more specifically, for the purpose of operating a sanitary land fill unless there be filed by such date a petition against such levy wherein 20 percent, or 1500, whichever is less, of the qualified electors of the county protesting against such levy. That if such petition be filed such tax shall not be levied unless authorized by a majority of the qualified electors of the county, voting at an election to be called and held for that purpose.

Copies of all Contract Documents, Drawings and Specifications, as prepared by Fromherz Engineers, 1539 Jackson Avenue, New Orleans, Louisiana, may be examined and obtained at the office of Hancock County Port and Harbor Commission, or at the office of Fromherz Engineers, 1539 Jackson Avenue, New Orleans, Louisiana, upon payment of \$15.00 per set which is not refundable.

Bids submitted shall be on the prescribed forms furnished. Bids shall be in accordance with the "Information for Bidders" and shall be filed with the Director, Hancock County Port and Harbor Commission, at the address shown above. Each bidder must deposit with his bid security in the form of a Bid Bond or Certified Check in an amount equal to at least five percent (5) per cent of the Total Base Bid. No bidder may withdraw his bid within thirty (30) days after the actual date of opening thereof.

The Hancock County Port and Harbor Commission and Hancock County Board of Supervisors reserve the right to waive any informalities, or to reject any and all bids. Attention of bidders is particularly called to the requirements as to conditions of employment to be observed and minimum wage rates to be paid under the contract.

All bidders must be licensed by the Mississippi State Board of Public Contractors and the bidder's License Number and Certificate of Responsibility Number shall be indicated on the outside of the envelope. No bid will be opened unless the Contractor is so licensed and the envelope is so marked.

ADVERTISEMENT FOR BIDS

EDA PROJECT NO. 04-1-00779 CONTRACT NO. E-8A

Sealed bids will be received by the Hancock County Port and Harbor Commission on behalf of the Board of Supervisors of Hancock County, Mississippi for construction of BARGE WHARF AND APPURTENANCES at the office of the Hancock County Port and Harbor Commission, Highway 603, adjacent to Ramada Inn, Bay St. Louis-Waveland, Mississippi, until 2:00 p.m., Central Daylight Time, September 28, 1972 at which time and place bids will be publicly opened and read aloud, unless time shall be extended by addendum issued to bidders.

The work consists of furnishing all labor, tools, equipment, materials and performing all work in accordance with the Specifications and Contract Documents as set forth in the above Contract for construction of steel sheet pile bulkhead with concrete cap and tieback system; placing compacted shell and sand fill materials behind bulkhead; constructing concrete retaining wall; excavating for installation of service road, railroad spur, paved parking area, and drainage system; installing drainage structures, railroad spur, service road, paved parking area, sewer line, and water mains; placing sand surcharge over filled area behind bulkhead; general site development; and site grading in the West Hancock County Harbor and Industrial Area.

Copies of all Contract Documents, Drawings and Specifications, as prepared by Fromherz Engineers, 1539 Jackson Avenue, New Orleans, Louisiana, may be examined and obtained at the office of Hancock County Port and Harbor Commission, or at the office of Fromherz Engineers, 1539 Jackson Avenue, New Orleans, Louisiana, upon payment of \$15.00 per set which is not refundable.

Bids submitted shall be on the prescribed forms furnished. Bids shall be in accordance with the "Information for Bidders" and shall be filed with the Director, Hancock County Port and Harbor Commission, at the address shown above. Each bidder must deposit with his bid security in the form of a Bid Bond or Certified Check in an amount equal to at least five percent (5) per cent of the Total Base Bid. No bidder may withdraw his bid within thirty (30) days after the actual date of opening thereof.

The Hancock County Port and Harbor Commission and Hancock County Board of Supervisors reserve the right to waive any informalities, or to reject any and all bids. Attention of bidders is particularly called to the requirements as to conditions of employment to be observed and minimum wage rates to be paid under the contract.

All bidders must be licensed by the Mississippi State Board of Public Contractors and the bidder's License Number and Certificate of Responsibility Number shall be indicated on the outside of the envelope. No bid will be opened unless the Contractor is so licensed and the envelope is so marked.

KANTCHA KETCHUM

By L.S. (Doc) Elliott

The weather has been taking on a fall atmosphere lately. Fall weather will be welcomed by both hunters and fishermen. Been plenty hot up to now. Fishermen will go to under water baits from now on. Under fly fishermen will still use surface baits for catching bass and perch up until December and January when the weather is warm.

Understand big croakers are being caught most anywhere along the seawall down to Cedar Point and all the way to Bayou Caddy. The world series of baseball is not far off and it is a tradition that big croakers, we mean those weighing 2 to 2½ pounds, will be caught at the croaker hole just on the upper side of the L&N R.R. Bridge at Campbell's Upper Bayou. If you haven't a boat one can be rented from Lafreance's Fishing camp at Ansley. Don't overlook the fact that Green Trout (Bass) can also be caught in this area the year round.

Speckle Trout are also caught in the Pipe Line Canal, Upper and Outside Campbell's Bayou by trolling and casting with the shad rig and artificial baits such as the Merilou, etc. Of course live shrimp and other live baits are very effective.

A lot of our local hunters hunt in Louisiana is why we are publishing this announcement.

Richard K. Yancy, assistant director, Louisiana Wildlife and Fisheries Commission, today reminded hunters that the special nine day teal

SPORTSMAN OF THE WEEK
George Hammer, one of our local sportsmen. Don't know why the shovel unless it is to dig for worms for fishing. George doesn't do much fishing but is tops when it comes to eating them.

season will begin at sunrise on Friday, September 22 and close at sunset, Saturday, September 30.

"Federal regulations have prevented the commission from extending this season into October. This is why it will open on Friday and will close on a Saturday. This is the only way we could secure the latest dates when the largest concentrations of teal will be in the state," Yancy added.

Daily bag limits will be four with eight in possession after opening day. These will include blue-winged and green-winged teal only.

Shooting hours will be from sunrise to sunset. Hunters are also reminded that they must have in their possession a valid 1972 Federal Migratory Waterfowl stamp along with a current state hunting license. No special federal teal permit is required this season.

There are two species of teal ducks, the Green-winged Teal and the Blue winged Teal. Both are fast flying birds and their wheeling and turning in unison make them hard to hit. Their nests are in high grass, usually near water.

Asa Lafontaine who has knitted landing nets, cast nets, etc. for local fishermen for years says his age has caught up with him. Don't do much knitting now. He is still a good sportsman and has made plenty sportsmen happy with his work.

Will Astor who does grass cutting has been out of business for a couple of weeks. Astor while bathing with his grandchildren was hit by a stingray. He is O.K. now and back on the job. It was a painful ordeal he said.

Hoke Ogden, Harry Roman and Louis Decell went fishing last week - caught some speckles and a big red fish. Louis caught the red fish which gave him a hard time.

John Ploue an ardent fisherman, claims he has been too busy to go after them.

Jim Mayfield can tell some interesting stories about the fish, frogs, etc. he has been catching. Jim is also a hunter. Waiting for the seasons to open.

Uncle Bud Seller, Tut Monti and Pat Garcia on their last fishing trip caught some nice red fish, croakers, etc. They are all real fishermen and don't come home empty handed.

Bob Von Ehren and Ben Mitter make a good fishing two-some. If there is fish about they will get their share. Caught some nice fresh water cat fish on their last trip.

Mat Gené Davis the other day. Said he don't go fishing or camping like he used to. A good trip will cure what ails you, Gene.

Edwin A. Remy, retired supervisor of Drainage Stations Operations for the N. O. Sewerage and Water Board who is retired and now living at Pearlinton, Miss. is an ardent fisherman. He tried fishing in the lower Pearl River and the Rigolets with very little luck (mostly because he didn't know where to go,) finally made a trip to Little Timballe Island in Louisiana with his oldest son-in-law who caught the largest trout a 4½ pounder and his son, Joey. They made a total catch of 200 lbs. of trout, and about 15 flounders. The trout averaged 2½ pounds. Mr. Remy's friends had a feast eating fish and are waiting for him to go again before the season closes.

Speckle trout are being caught in Pearl River. Trolling for them is paying off right now. They are also taking live bait.

Green trout fishing is at its best in the Pearl River area. Should be perfect for the next week with normal low falling tides mostly all day. They are being caught on the fly and casting rods, and hitting surface baits best. Among those catching them over the weekend were: Alden Mauffray, Arthur Miller, John Scalfide, Sr., Dec Elliott, August Rauxet and the Brothers from St. Stanislaus. All of them are hitting them. Fly fishing is an art and a lot of fun when the fish are hitting. Not unusual to catch a few speckles on the fly rod.

Still no reports of many

doves being killed. Must be too hot for them. There is two more segments of the dove season to come however.

Hard crabs are being caught but they are on the skinny side. The full of the moon is the best time for catching hard crabs.

Johnny Legredre, Bill Karl and Hoke Ogden make a good fishing three-some. They go pretty often and bring home some kind of fish. Keeps trying fellows.

Local hunters are looking forward to the opening of the rabbit and squirrel seasons which will open soon. Both seem to be plentiful in our woods. More on this later.

Trolling for bass and speckles will start soon. Both will hit under water baits when the weather gets colder. There are hundreds of different baits. Use the one of your choice. Don't think the fish know the difference. A shad rig is my choice for catching speckles. If they won't hit just the shad rig try using a small piece of shrimp on each hook. It will help we are told.

If you can get a copy of the Louisiana Conservationist or the Miss. Game and Fish Commission publication you will find some interesting reading and even the 1972-73 hunting seasons.

U.S. Savings Bonds help keep today's plans from becoming tomorrow's broken dreams.

BELL'S BOWRETTIS-Kneeling (L-R) Sheila Smith, Debra Joe Williams, Patricia Lewis, Beth Collins, and Gwendolyn Saucier; kneeling Center, Shirley Tillman; standing (L-R) Coach Sullivan Bell, Laverne Whavers, Jean Bell, Irene Laneaux, Cheryl Walker, Captain Evelyn Curry, and Deloris Peters. Natchez

More Than Plantations

Most tourists visit Natchez with one purpose—to see as many plantation homes as possible. But there is more, so much more to this beautiful city that overlooks the Mississippi River.

On a recent trip to Natchez, Echo news editor Marleen Maher photographed places and buildings which aren't ordinarily listed in the guidebooks.

Deserted railroad station on North Broadway.

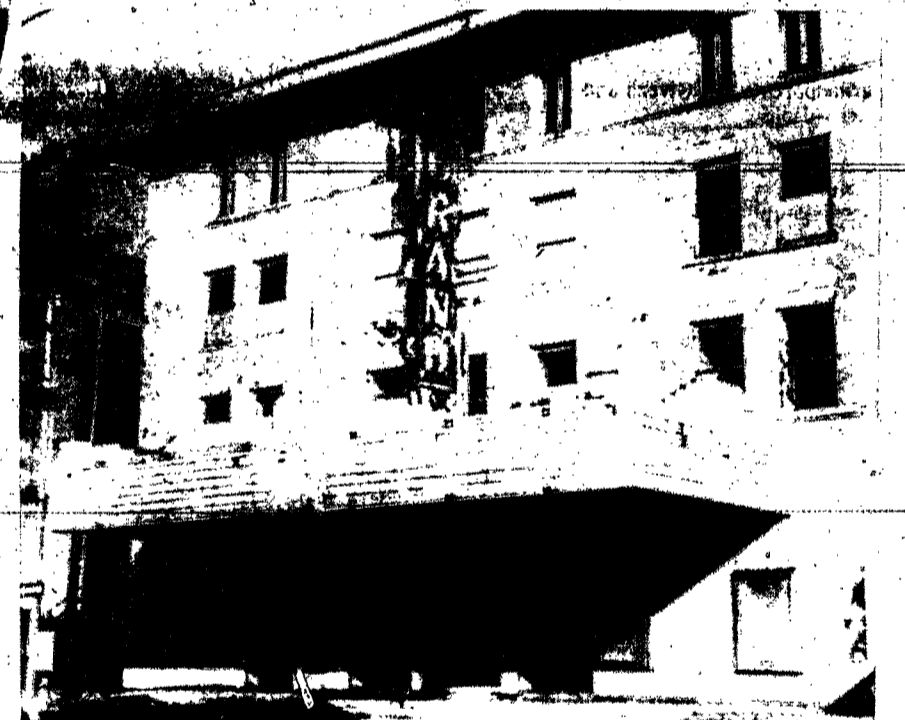

This gazebo on South Broadway offers a breathtaking view of the Mississippi River.

A view of the Mississippi River from the gazebo.

Built in 1822, Trinity Episcopal Church on South Commerce St. is worth a visit while in Natchez.

Although not exactly an historical site, the Baker Grand Opera House built in 1903 on Pearl St. offers one a view of theatres of the past.

Natchez-Under-the-Hill is probably one of the most interesting places in Natchez. In the early days it was the site of gambling houses, saloons and tales of murder and robbery. Originally the area consisted of three parallel streets, however, two of the streets have slipped into the river, leaving only one street and a few buildings.

This home, belonging to Mr. and Mrs. Paul B. Harrington Jr. at 913 State St. is an example of much of the restoration now taking place in downtown Natchez.

MR. AND MRS. HORACE KERGOSENI
(PHOTO BY BOB HUBBARD)

Couple Celebrates Anniversary

Mr. and Mrs. Horace Kergosien renewed their marriage vows at a Mass Saturday at five o'clock in the evening in Our Lady of the Gulf Catholic Church with Very Reverend Gregory Johnson, pastor, officiating.

Mr. and Mrs. Kergosien were attended by their oldest son and daughter, Gregory Kergosien and Mrs. Sam Vernon. The couple, and their attendants knelt at the altar during the ceremony.

Altar boys were grandsons, David Treutel and William Kergosien. Their granddaughters, Melissa Treutel, Suzanne Kergosien and Cynthia Vernon, carried the sacrificial offerings to the altar. Ushers were Greg Kergosien Jr., a grandson, and James Morlan, a nephew.

Gold flowers in golden vases decorated the church and adorned the altar.

At the conclusion of the service the couple was presented the Apostolic blessing from Pope Paul VI by Very Rev. Johnson.

For the occasion Mrs. Kergosien wore a pale pink lace and chiffon dress, matching accessories and a corsage of pink sweetheart roses.

reception was held at Ramada Inn, hosted by their children Mr. and Mrs. Sam Vernon, Greenwood, Miss., Mr. and Mrs. Greg Kergosien, Atlanta, Ga.; Mr. and Mrs. Richard Russell, Jackson, Miss.; Mr. and Mrs. Phil Kergosien and Mr. and Mrs. David Treutel, Bay St. Louis. Mr. and Mrs. Kergosien also have 23 grandchildren and two great-grandchildren.

A profusion of gold flower

arrangements decorated the reception rooms. The cake table, overlaid with a linen cut-work cloth, held a five tiered wedding cake topped with a golden 50. Candelabra holding yellow tapers and arrangements of pale yellow roses were on either side.

1 Mrs. Michael Vernon presided at the cake table and the guest register was attended by the couples granddaughters.

Coming from out of town for the occasion were Mrs. Richard Madden, Gulfport, Miss., Mr. and Mrs. George Benisabat, Coral Gables, Fla., Mr. and Mrs. Sam Hutchinson, Birmingham, La., Mr. and Mrs. Fred Bunch, Statesville, N.C., Mrs. Irma Russell, Shreveport, La., Mrs. Betty Russell Smith, Mrs. Alexis Smith, Shreveport, La., Miss Etha Kergosien, Pascagoula, Miss., Miss Leah Holoway, Atlanta, Miss Patricia Kergosien, Greg Kergosien Jr., Atlanta, Mrs. T.J. Bourgeois, Gulfport, Dr. and Mrs. T.A. Quigley, Gulfport, Mr. and Mrs. David Clark, Oxford, Miss., Miss Denise Vernon, Greenwood, Miss., Mr. and Mrs. J.S. Blaize, Lafayette, La., Mrs. Holly Vernon, Jackson, Brother Linus, S.C., Thibodeaux, La., Mr. and Mrs. Hunter Kergosien, Brookhaven, Miss., Mrs. Mary Lou Rockett, Mendenhall, Miss., Charles Kergosien, Hazlehurst, Miss., Mr. and Mrs. W.L. Argus, Mr. and Mrs. Edward Finley, Mr. and Mrs. John Harrington, Mr. and Mrs. A.B. Peterson, Miss Gertrude Calhoun, Mrs. William Calhoun, Miss Kathy Quigley, Mr. and Mrs. Nallard Argus, Quinn Eagan, Mr. and Mrs. John Humphreys, Mrs. Cy Hickey, Mr. and Mrs. Pat Quinlan, Harold Kergosien, all of New Orleans and Mr. and Mrs. Michael Vernon and children Kamme and Shannon of Memphis, Tenn.

Miss Raboteau Will Wed Mr. Butler

Mr. and Mrs. Alfred Raboteau Jr. of Bay-St. Louis, Miss., announce the engagement and approaching marriage of their daughter, La Jole Veronica, to Benjamin Butler, son of Leroy Butler and Mrs. Margarite Narcisse, both of Franklin, La.

The marriage will be solemnized at 4 p.m., September 30, in St. Rose de Lima Catholic Church with a

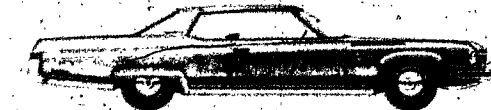

reception following in St. Rose School cafeteria.
Miss Raboteau is a 1966 graduate of Bay Senior High and Phillips Business College, Gulfport, formerly employed by the FBI in Washington, D.C., she is presently a secretary with Chemical Society Corporation, Washington.
Mr. Benjamin is employed with the FBI in Washington.

Miss Fletcher Will Wed Mr. Carr

Mr. and Mrs. Luther L. Fletcher Jr. of Kiln, Miss., announce the engagement and approaching marriage of their daughter Pamela Joyce, to Waymon Martin Carr Jr., son of Mr. and Mrs. James N. Travica, Kiln, formerly of Bay St. Louis.

The bride-elect, a graduate of Hancock North Central attended the University of Southern Mississippi during

the summer session.
Mr. Carr, a graduate of St. Stanislaus and Pearl River Junior College, is presently employed at the Mississippi Test Facility with Global Associates. He is a grandson of Mr. and Mrs. B. Spornio of Bay St. Louis.

The wedding will be solemnized September 30 at the Main Street Baptist Church in Bay St. Louis.

Garden Club Holds First Meeting

The first meeting of the Bay-Waveland Garden Club for the 1977-1978 season was held at the Garden Center September 14. Presiding was the incoming President, Mrs. Gordon Helm.

The Club program for this season is "Nature speaks if you listen". The program was

given by Mrs. Homer Costello of New Orleans nationally accredited Flower Show Judge, the theme being "Nature Own Design". The Bay-Waveland Garden Club will host the Spanish Trail District Meeting October 19 at Virginia Hall. Reservations may be made for the meeting and luncheon by contacting Mrs. Lila Greenfield, P. O. Box 101, Waveland.

FIRST AID

Bay-Waveland Girl Scout Council will hold a nine-hour first aid course starting at 7 p.m. September 25 at St. Stanislaus High School. Brother Albert will conduct the class.

Interested persons are invited to attend.

Hostess for this meeting was Mrs. John Schott. Co-hostesses were Mrs. Clarence Tracey, Mrs. John W. Wilkerson, Mrs. Charles E. Lamp, Mrs. Joseph Dalech, Mrs. A. G. Dantagnan, Mrs. M. J. Sallinger, Mrs. Ben Hille, Sr. and Mrs. Darlene C. Kock.

PTA MEETING

Christ Episcopal Day School P.T.A. will hold its first meeting of the school year and open house at 8 p.m. Monday, September 25, in the red brick elementary building.

FIVE GENERATIONS...members of the Necaise family welcome the fifth generation, Shawn Jason Ladner. From left to right, Mrs. Carolyn Necaise Ladner, Wilton Necaise, Harvey Necaise, Mrs. Alcide Necaise who holds baby Shawn. All are residents of the White Cypress Community.

HERE'S
ALL
YOU DO

1. READ ALL OF THE FOOD
ADS. Compare the major
supermarket ads. Select the
items and the prices you desire
from any of this week's
newspaper ads. In
Bay St. Louis.

2. TEAR OUT THE ITEM AND
PRICE. Clip or tear out the
portions of this week's
newspaper ads that show the
items you want to buy. Make
sure the sizes and prices, and
date line are included on your
tear-outs.

3. TAKE TEAR-OUTS TO FOOD
CENTER. Bring all your tear-
outs to Food Center. After you
have shopped, check out, bring
your purchases and tear-outs to
the Food Center, office, or
courtesy booth and receive your
refund.

4. PUT YOUR SAVINGS IN THE
BANK. The clerk in the office
will take your refund slips and
give you cash savings that can
add up to big dollars as you shop
Food Center every week for the
lowest advertised food prices.
